

Intelligent Travel & Expense Transformation

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Intelligent Travel & Expense Transformation

Service Description

Strategic overhaul of travel and expense management for finance leaders seeking automation, compliance, and cost control.

Features

- End-to-end assessment of current travel and expense workflows
- Custom solution design aligned to financial governance objectives
- Integration with ERP and existing financial systems
- Automated expense policy enforcement and reporting tools
- User experience optimisation for all employee touchpoints
- Change management planning and adoption support
- Real-time analytics for spend visibility and forecasting
- Mobile enablement for on-the-go expense submission
- Compliance monitoring with regulatory and internal policies
- Ongoing performance tuning and support services

Benefits

- Reduce manual effort and errors through smart automation
- Enhance financial visibility with real-time reporting capabilities
- Strengthen compliance and reduce risk of policy breaches
- Accelerate reimbursement cycles and employee satisfaction
- Streamline approvals and eliminate process bottlenecks
- Gain actionable insights for better travel spend control
- Increase adoption with user-friendly mobile tools
- Enable scalable, future-proof expense management
- Lower overall travel and expense processing costs
- Support digital transformation and finance innovation goals

Constraints

Requires client-side SME engagement and system integration access; excludes non-financial workflow redesign.
