

Strategic Architecture Enablement

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Strategic Architecture Enablement

Service Description

Transform enterprise IT through tailored architecture modelling and best-in-class EA tools, empowering CIOs, architects, and digital leaders seeking holistic business alignment.

Features

- Comprehensive enterprise architecture assessments and current-state analysis
- Custom modelling of business, application, data, and technology layers
- Selection and implementation of leading EA toolsets
- Architecture blueprint design aligned to business goals
- Integration of architecture governance frameworks
- Stakeholder workshops for architecture vision alignment
- Development of transition roadmaps for target states
- Metrics and KPIs definition for architecture value tracking
- Capability mapping and impact analysis for proposed changes
- Knowledge transfer and training for internal architecture teams

Benefits

- Aligns IT strategy directly with organizational business objectives
- Delivers clear blueprints for technology-enabled transformation
- Optimizes investment in enterprise architecture tools and resources
- Improves visibility across complex IT landscapes
- Accelerates digital transformation and innovation initiatives
- Reduces operational risk through structured governance
- Enables faster, evidence-based technology decision making
- Facilitates stakeholder consensus and executive buy-in
- Provides measurable value through architecture-driven KPIs
- Empowers in-house teams for continuous capability development

Constraints

Requires active executive sponsorship and access to key architectural stakeholders.
