

Microsoft Teams & SharePoint - Enterprise Content Management & Content sharing & Collaboration applications

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Microsoft Teams & SharePoint - Enterprise Content Management & Content sharing & Collaboration applications

Service Description

Manage and share enterprise content effectively. Collaborate effectively with efficient document control, and offer knowledge access. Implement Microsoft Teams and SharePoint for secure content management, streamlined sharing, and integrated collaboration to boost productivity and organizational alignment.

Features

- Centralized Document Storage – Securely store and organize enterprise content.
- Version Control – Track changes and maintain document history automatically.
- Real-Time Co-Authoring – Collaborate on files simultaneously across Teams and SharePoint.
- Advanced Permissions – Role-based access for secure content sharing.
- Integrated Workflows – Automate approvals and processes with Power Automate.
- Metadata Management – Classify and tag content for easy retrieval.
- Search and Discovery – Quickly find documents, sites, and conversations.
- Compliance and Governance – Built-in retention policies and audit capabilities.
- Cross-Platform Access – Work seamlessly on desktop, web, and mobile.
- Integration with Microsoft 365 – Connect apps for unified collaboration experience.

Benefits

- Improved Productivity – Streamlines content sharing and collaboration across teams.
- Centralized Access – One platform for documents, conversations, and workflows.
- Enhanced Security – Enterprise-grade protection for sensitive business content.
- Better Compliance – Built-in governance and retention policies ensure regulatory adherence.
- Real-Time Collaboration – Co-author documents and communicate instantly in Teams.
- Reduced Redundancy – Eliminates duplicate files with version control and metadata.
- Scalable Solution – Supports organizations of all sizes and complexities.

- Integrated Ecosystem – Works seamlessly with Microsoft 365 apps and tools.
- Faster Decision-Making – Quick access to documents and team discussions.
- Remote Accessibility – Enables secure collaboration from any device, anywhere.
