

Intelligent Content Capture & Workflow Transformation

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Intelligent Content Capture & Workflow Transformation

Service Description

A consulting service to digitalise and optimise enterprise content workflows through automated content capture, designed for businesses seeking end-to-end efficiency.

Features

- Comprehensive assessment of current content capture workflows
- Custom design of automated digital capture solutions
- Integration with existing enterprise content management platforms
- Automated data extraction from various content sources
- Implementation of workflow orchestration for captured data
- Robust security measures for sensitive content
- Real-time monitoring and analytics dashboard for content processes
- Scalable architecture supporting future content growth
- User training and change management support
- Continuous improvement recommendations post-implementation

Benefits

- Accelerates information intake and processing across the enterprise
- Eliminates manual data entry for increased accuracy
- Enables seamless content sharing and collaboration
- Improves compliance through secured, trackable content flows
- Reduces operational costs by optimizing resource use
- Provides actionable insights with real-time content analytics
- Enhances employee productivity through streamlined processes
- Ensures rapid scalability for evolving business needs
- Supports organizational change with expert guidance
- Delivers measurable return on transformation investments

Constraints

Requires integration with compatible content management systems and digital-ready workflows.
