

Cloud Mastery Enablement: Bespoke Training & Adoption Support

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Cloud Mastery Enablement: Bespoke Training & Adoption Support

Service Description

Expert-led, customized cloud training and enablement services for organizations seeking to accelerate employee cloud proficiency and adoption.

Features

- Tailored cloud curriculum developed for your unique environment
- Expert instructors with real-world consulting experience
- Blended learning: virtual, classroom, and self-paced modules
- Role-based courses for IT, business users, and executives
- Interactive workshops and hands-on labs on live cloud platforms
- Adoption change management consultations included
- Knowledge checks and skills assessments to benchmark learning
- On-demand support and follow-up learning clinics
- Access to resource libraries and best practice guides
- End-user enablement strategies to drive sustained cloud adoption

Benefits

- Accelerates cloud adoption across all user groups
- Boosts workforce confidence in cloud platforms and tools
- Reduces operational risk from skill gaps or misuse
- Drives ROI from your cloud investments faster
- Minimizes disruptions during cloud transformation projects
- Enhances end-user productivity and collaboration capabilities
- Supports change-resistant teams through proven engagement strategies
- Enables measurable tracking of knowledge and skill advancement
- Fosters a culture of continuous learning and cloud innovation
- Ensures compliance and governance through standardized training

Constraints

Requires initial needs assessment; some modules subject to cloud platform licensing;
English language by default.
