

Strategic Cloud Migration Roadmap Consulting

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Strategic Cloud Migration Roadmap Consulting

Service Description

Expert-driven roadmap creation for organisations planning seamless, risk-mitigated cloud migrations.

Features

- Comprehensive current-state assessment of IT landscape and applications
- Stakeholder interviews and business requirements gathering workshops
- Workload prioritization and migration readiness evaluation
- Custom migration sequencing and timeline planning
- Detailed risk identification and mitigation strategies
- Cost modeling and financial impact analysis for migration scenarios
- Cloud platform architecture and landing zone recommendations
- Interdependency mapping of applications and data sets
- Change management planning and communication strategy design
- Executive-ready delivery roadmap report with actionable recommendations

Benefits

- Minimize migration risk with structured, evidence-based planning approach
- Accelerate time-to-cloud through actionable, prioritized sequencing
- Reduce business disruption by identifying critical interdependencies
- Achieve budgetary control via detailed cost and resource modeling
- Enable informed decision-making for platform and tooling selection
- Enhance stakeholder alignment with clear communication frameworks
- Realize compliance needs with governance and risk mitigation strategies
- Increase operational agility with phased, tailored migration plans
- Support executive buy-in with professional, board-level deliverables
- Lay a foundation for continuous innovation and future cloud adoption

Constraints

Requires full stakeholder participation and data access; scope excludes hands-on migration execution.
