

Enterprise Community Enablement & Collaboration Accelerator

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Enterprise Community Enablement & Collaboration Accelerator

Service Description

Empowering organisations to create, launch, and scale secure enterprise communities that drive engagement, innovation, and collaboration across the business.

Features

- End-to-end assessment of collaboration needs across departments
- Design and launch of tailored enterprise community platforms
- Integration with existing collaborative and productivity tools
- Robust access controls and compliance with corporate policies
- Onboarding programs for champions and early adopters
- Comprehensive change management and user adoption strategy
- Content governance, moderation, and knowledge sharing frameworks
- Real-time analytics and reporting on platform engagement
- Ongoing community health checks and optimization workshops
- Regular delivery of training, resources, and best practice content

Benefits

- Accelerates cross-functional collaboration and knowledge sharing
- Boosts employee engagement through purposeful networking
- Drives innovation with open ideation and feedback channels
- Reduces shadow IT by standardizing collaboration tools
- Fosters a culture of learning and continuous improvement
- Enhances onboarding and peer mentoring capabilities
- Improves change management and technology adoption rates
- Delivers actionable insights for community leaders and HR
- Strengthens security and compliance over sensitive discussions
- Scales easily to match business growth and evolving needs

Constraints

Requires stakeholder sponsorship, clear governance model, and integration with approved corporate platforms.
