

Cloud Mobilisation Programme Management

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Cloud Mobilisation Programme Management

Service Description

Strategic coordination of cloud migration, guiding clients through setup, mobilisation, and seamless cloud adoption. Designed for organisations launching or relocating workloads to the cloud.

Features

- Comprehensive mobilisation plan tailored to organisational needs
- Dedicated project lead for end-to-end migration governance
- Stakeholder alignment workshops ensuring business readiness
- Risk assessment and mitigation throughout migration lifecycle
- Detailed migration wave scheduling for minimal disruption
- Change management support for impacted teams and users
- Integration with existing IT operations and service desk processes
- Progress tracking via robust project management tools
- Issue escalation and resolution protocols established pre-migration
- Post-migration review and optimisation recommendations

Benefits

- Accelerates time-to-cloud with structured mobilisation approach
- Reduces migration risks with expert planning and oversight
- Ensures consistent communication across business and IT
- Minimises operational downtime during transitions
- Improves stakeholder confidence and project transparency
- Optimises resource usage through detailed scheduling
- Enables smooth handover to ongoing cloud support
- Aligns migration initiatives with business objectives
- Facilitates adoption and reduces resistance to change
- Delivers measurable success criteria post-migration

Constraints

Requires stakeholder commitment, clear cloud strategy, and access to existing IT environments.
