1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Service Offering

Service Description

Insight's Azure Databricks Foundation Setup Service supports organisations with designing and deploying an Azure Databricks solution within an Azure Foundation Landing Zone.

The service will provide a foundation deployment for a unified, open analytics platform for building, deploying, sharing, and maintaining data analytics, and AI solutions.

Service Overview

Insight will deliver discovery and assessment workshop to review to design and deploy an Azure Databricks solution within an Azure Foundation Landing Zone, which will be based on your specified requirements.

Azure Databricks is a unified, open analytics platform for building, deploying, sharing, and maintaining enterprise-grade data, analytics, and AI solutions at scale. The Databricks Data Intelligence Platform integrates with cloud storage, security and manages, and deploys the cloud infrastructure.

The Azure Databricks solution with Azure Landing Zone will be designed and deployed as per the latest best practices - Microsoft's Cloud Adoption Framework (CAF) and Well-Architected Framework (WAF).

Service Summary

Insight's Azure Databricks Foundation Service covers the full project lifecycle from mobilisation through to knowledge transfer and closure. The service will be delivered as a collaborative consultative engagement engineered to deliver the following outcomes:

- Project Mobilisation - Resource alignment, production of governance documentation, project planning and project kick-off call.
- Discovery and Assessment - Review of business and technical requirements, existing Azure architecture, Azure Databricks options, Data Lake Storage, Data Factory, networking, identity management, governance, security, compliance, and client-side testing approach.
- Design and Deployment Planning - Production of high-level design documentation with best practice recommendations, cost estimates, engineering effort calculations, and stakeholder review session to obtain approval for build phase.
- Build and Configuration - Deployment and configuration of approved data services design.
- Testing and Validation - Collaborative testing, working with your team for application installation ensuring the deployed solution meets the pre-agreed deployment metrics.
- Knowledge Transfer and Closure - Comprehensive build documentation, facilitated knowledge transfer workshops, lessons learned report, project closure documentation, and formal sign-off.

Insight's Azure Practice

Insight's Azure Practice

2023 Microsoft US Partner of the Year for Solution Assessments
2022 Microsoft Partner of the Year for Manufacturing

2021 Microsoft US Application Innovation Partner of the Year
2021 Microsoft Worldwide Migration to Azure Partner of the Year

Databricks Consulting and
SI Partner of the Year 2020

Intel Innovation Partner
of the Year 2020-2022

Americas Investment
Partner of the Year 2020

- Global Scale & Reach - US, **UK & EMEA** & APAC
- Azure Expert MSP - Solutions Partner - Advanced Specialisations
- Dedicated Azure Teammates
- 300+ Azure Certified Teammates

Solution Partner Designations

- Business Applications
- Security
- Data & AI
- Infrastructure Azure
- Digital & App Innovation Azure

Insight's Azure Services

Our three-step process helps you align business goals with public cloud benefits, build cloud skills and a centre of excellence, create a secure and optimised platform, and migrate workloads to the cloud.

	Discover & Plan	Build & Integrate	Run & Innovate
Enable Digital Business Deploy a secure & optimised Azure platform, and migrate workloads	• Azure Discovery Workshop • Azure Hybrid Cloud Assessment • ICAT Road Map Planning • ICAT Rapid Migration Service	• Azure Foundation Landing Zone Setup • Azure Enterprise Landing Zone Setup • Azure Migration Service • Azure Virtual Desktop PoC • AVD Foundation Setup • Azure Backup Setup Service • Azure Disaster Recovery with ASR • Azure VMware Solution • Azure Local (HCI)	• CloudCare for Azure • OneCall Support Service for Azure • Azure Well Architected Review • Azure Enterprise Architecture Review • Azure Managed Services
Accelerate Change & Innovation Optimise Azure platform with Cloud-native Technologies	• Azure Cloud-Native Workshop • Azure Application Modernisation • Azure Data Modernisation • Azure DevOps Adoption	• Azure AI Services • Insight Lens for Gen AI Accelerator • Azure Infrastructure as Code • Azure Modern Data Warehouse • Azure Business Intelligence • Azure Data Governance • Azure ARC	• CloudCare for Azure • OneCall Support Service for Azure • Azure Well Architected Review • Azure Enterprise Architecture Review • Azure Managed Services
Optimise Investment Incorporate governance for optimised Azure Architecture, Security, Performance & Costs	• Azure Well Architected Review	• Cloud FinOps Accelerator • Azure Bespoke Projects • Azure Marketplace	• CloudCare for Azure • OneCall Support Service for Azure • Azure Governance Service • Azure Well Architected Review • Azure Managed Services

No matter where you are in your Azure journey, our consulting services will help you envision new opportunities and roadmap your future Azure projects.
