

Unified Team Collaboration Enablement

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Unified Team Collaboration Enablement

Service Description

A consulting solution to empower organisations with seamless, integrated team collaboration platforms for enhanced productivity and agile teamwork.

Features

- Comprehensive assessment of current collaboration workflows and tools
- Design and customization of integrated collaboration solutions
- Migration planning and execution to new team collaboration platforms
- Configuration of secure document sharing and version control
- Deployment of real-time messaging and video conferencing capabilities
- Integration with enterprise applications such as Microsoft 365 or Google Workspace
- User adoption and change management programs for sustained engagement
- Establishment of governance frameworks for collaboration effectiveness
- Performance monitoring and analytics for collaboration usage
- Ongoing support and optimization to adapt to evolving team needs

Benefits

- Accelerated team productivity through streamlined digital collaboration
- Reduced operational silos with unified communication platforms
- Faster decision-making enabled by real-time information sharing
- Enhanced user satisfaction with tailored, intuitive collaboration tools
- Secure and compliant collaboration environment aligned with governance policies
- Lower IT overhead from simplified integration and support
- Empowered remote and hybrid work with scalable solutions
- Increased agility to adapt to evolving business demands
- Data-driven insights into team activity and platform engagement
- Long-term value through continuous improvement and expert support

Constraints

Requires active licensing of supported collaboration platforms and executive stakeholder engagement.
