

# **Content Collaboration Excellence Suite**

**G Cloud 15 - LOT2B**

# 1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

## 2. Insight for the Public Sector

### Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

### Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

## **Our Approach: Consulting, Lifecycle, & Managed Services**

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

## 3. Services

### Service Name

Content Collaboration Excellence Suite

### Service Description

A consulting service that enables organisations to streamline, secure, and optimise digital content sharing and collaboration across teams and business units.

### Features

- Comprehensive content sharing strategy tailored to business needs
- Deployment of secure collaboration applications and platforms
- Workflow automation for document lifecycle management
- Integration with enterprise content management systems
- User access controls and data governance frameworks
- Multi-device, cross-platform content accessibility
- Real-time co-authoring and collaborative editing capabilities
- Change management support for user adoption and training
- Performance analytics and usage monitoring dashboards
- Ongoing support, optimization, and compliance assurance

### Benefits

- Accelerates information flow across departments and remote teams
- Reduces risk with robust security and governance controls
- Boosts productivity with seamless, intuitive collaboration tools
- Enables compliance with industry and organizational standards
- Facilitates innovation through streamlined content sharing
- Improves user adoption with tailored training and support
- Empowers mobility with secure remote content access
- Enhances decision-making via real-time content collaboration
- Drives operational efficiency with automated workflows
- Delivers measurable ROI through analytics and optimization

## Constraints

Requires integration with approved platforms and existing IT infrastructure; user training mandatory.
