

AI Lifecycle Enablement Platform Consulting

G Cloud 15 - LOT1A

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

AI Lifecycle Enablement Platform Consulting

Service Description

Expert guidance for enterprises to design, build, and operationalize AI workflows, maximizing value from AI through robust lifecycle management on leading cloud platforms.

Features

- Comprehensive assessment of organizational AI readiness and data maturity
- Strategic identification of high-value AI use cases by domain experts
- Collaborative workshops to define AI objectives, risks, and success metrics
- Tailored AI lifecycle roadmap aligned with business priorities and compliance
- Selection and configuration of optimal AI platform tools and services
- Design and build of scalable, secure AI model development environments
- Support for data pipeline, model training, deployment and governance automation
- Integration of AI solutions into existing business and IT workflows
- Development and validation of proof-of-concept AI models and prototypes
- Change management and enablement for seamless AI adoption and scaling

Benefits

- Accelerates enterprise AI adoption for rapid return on investment
- Reduces risk with proven processes and expert lifecycle oversight
- Ensures compliance and security throughout the entire AI journey
- Aligns AI strategy with real business value and organizational goals
- Maximizes utilization of existing data and technology assets
- Improves operational efficiency with automated AI workflow management
- Drives innovation with access to latest AI tools and platform best practices
- Streamlines stakeholder engagement via clear planning and communication
- Delivers actionable insights for measurable, ongoing performance improvement
- Future-proofs AI initiatives with scalable, adaptable platform architectures

Constraints

Requires enterprise cloud access, defined data sources, and stakeholder commitment.
