

Teams - Web Conferencing Application

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Teams - Web Conferencing Application

Service Description

Address fragmented communication and inefficient collaboration & Meetings that lack engagement or where file sharing is cumbersome, and remote teamwork feels disconnected. Implement Teams as a robust web conferencing solution, enabling seamless collaboration, secure communication, and integrated workflows to boost productivity and team alignment.

Features

- HD Video and Audio – Crystal-clear communication for virtual meetings.
- Screen Sharing – Present content and collaborate in real time.
- Integrated Chat – Exchange messages during and outside meetings.
- Meeting Recording – Capture sessions for future reference and compliance.
- Live Captions – Real-time transcription for accessibility and clarity.
- Breakout Rooms – Enable focused discussions in smaller groups.
- Calendar Integration – Schedule meetings directly from Outlook or Teams.
- Cross-Device Support – Join meetings from desktop, web, or mobile.
- File Sharing – Share and co-author documents during meetings.
- Security and Compliance – Enterprise-grade encryption and data protection.

Benefits

- Enhanced Collaboration – Connect teams instantly for seamless communication.
- Remote Accessibility – Join meetings from anywhere, any device.
- Time Efficiency – Reduce travel and speed up decision-making.
- Cost Savings – Eliminate expenses for physical meetings and travel.
- Improved Productivity – Share files and co-author documents in real time.
- Inclusive Communication – Live captions support accessibility for all participants.
- Scalable Solution – Host small meetings or large webinars effortlessly.
- Secure Environment – Enterprise-grade encryption ensures data protection.
- Integrated Workflow – Sync with Microsoft 365 apps for streamlined tasks.

- Global Connectivity – Collaborate across geographies without barriers.
