

Strategic Cloud Migration Readiness & Roadmap Consulting

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Strategic Cloud Migration Readiness & Roadmap Consulting

Service Description

Expert-led advisory and planning for organisations preparing complex cloud migrations, ensuring readiness, risk management, and seamless transformation.

Features

- Comprehensive assessment of current IT environment for cloud suitability
- Tailored migration strategy aligned to business objectives
- Risk analysis and mitigation planning for migration phases
- Detailed cloud architecture and workload mapping
- Prioritisation of workloads based on value and complexity
- Migration roadmap with milestone timelines and dependencies
- Stakeholder engagement workshops to build migration consensus
- Cost forecasting and optimisation modelling for cloud adoption
- Integration planning for hybrid and legacy systems
- Executive summary with actionable recommendations and next steps

Benefits

- Reduces risk by identifying and addressing migration pitfalls early
- Delivers a clear, actionable migration plan for stakeholders
- Ensures alignment of cloud approach with business strategy
- Optimises resource allocation and budget for migration projects
- Accelerates decision-making with data-driven readiness insights
- Fosters stakeholder buy-in through transparent engagement
- Improves governance of migration activities and timelines
- Maximises value from existing and future IT investments
- Enables smooth integration with hybrid or legacy environments
- Supports regulatory, compliance, and security requirements throughout

Constraints

Requires access to existing IT systems, stakeholder availability, and accurate infrastructure data.
