

Collaborative Workspace Enablement

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Collaborative Workspace Enablement

Service Description

A service for organisations seeking to transform team collaboration, streamlining workflows and boosting productivity through modern, secure collaborative platforms.

Features

- Strategic assessment of existing collaboration tools and user workflows
- Tailored solution design for business-specific collaboration needs
- Seamless integration with Microsoft 365, Teams, and SharePoint
- Custom Power Apps for improved task automation and data sharing
- Implementation of secure document management and co-authoring
- Workflow optimization with Power Automate for repetitive tasks
- Training programs for end-users to maximize platform adoption
- Change management support for smooth organizational transition
- Analytics dashboards for user engagement and productivity insights
- Ongoing support and monitoring to ensure platform reliability

Benefits

- Accelerates digital transformation for distributed and hybrid teams
- Enhances productivity with unified, intuitive workplace tools
- Reduces silos by centralizing communication and knowledge sharing
- Increases data security and compliance for sensitive collaboration
- Improves employee engagement through user-friendly solutions
- Automates manual processes to save time and reduce errors
- Supports rapid adaptation to evolving business needs
- Drives innovation by enabling cross-functional collaboration
- Delivers measurable ROI via analytics and usage optimization
- Ensures business continuity with robust platform reliability

Constraints

Requires existing Microsoft 365 licensing; tailored for organizations with 100+ users.
