

AI Data Annotation Excellence Suite

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

AI Data Annotation Excellence Suite

Service Description

Accelerate your AI initiatives with expert-managed data labeling, ensuring precision for organisational models. Designed for organisations seeking world-class quality, scalability, and compliance in AI lifecycle management.

Features

- End-to-end data labeling workflow orchestration
- Support for text, image, video, and sensor data types
- Scalable human-in-the-loop annotation teams
- Integrated quality assurance and double-blind reviews
- Enterprise-grade data privacy and compliance controls
- Custom taxonomy and guideline consultation
- Automated pre-labeling powered by machine learning
- Analytics dashboard for project tracking and insights
- Multi-language and global workforce capabilities
- Seamless integration with leading AI lifecycle platforms

Benefits

- Accelerates AI model training cycles by improving labeled dataset speed
- Enhances model accuracy through consistent, expert annotation
- Reduces project costs with efficient, scalable workflows
- Minimizes data privacy risks through robust compliance processes
- Adapts quickly to changing data volumes and project priorities
- Improves governance with transparent tracking and reporting
- Supports global initiatives with multi-language labeling support
- Drives innovation with custom taxonomy and adaptive guidelines
- Offers peace of mind with industry-leading quality assurance
- Frees internal teams to focus on core AI development tasks

Constraints

Client must provide clear data access protocols and project requirements upfront.
