

Cloud Migration Readiness Assessment & Capability Mapping

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Cloud Migration Readiness Assessment & Capability Mapping

Service Description

A comprehensive analysis designed to evaluate and elevate cloud migration readiness for enterprise IT leaders seeking a seamless and informed move to the cloud.

Features

- In-depth evaluation of current IT landscape and cloud adoption maturity
- Identification of technical, operational, and skill gaps hindering migration
- Stakeholder interviews and discovery workshops for holistic insights
- Custom capability heatmap highlighting strengths and weaknesses
- Actionable roadmap for cloud migration aligned to business objectives
- Prioritised recommendations for process, technology, and people initiatives
- Risk analysis and mitigation strategies tailored for the client environment
- Integration readiness assessment of legacy systems and applications
- Resource and skillset inventory to support migration strategies
- Executive report with best-practice frameworks and next-step guidance

Benefits

- Accelerates cloud readiness and reduces migration delays
- Uncovers hidden risks before they impact project delivery
- Creates organisation-wide alignment on migration goals
- Enhances decision-making with clear, quantitative insights
- Optimises resource allocation for maximum migration value
- Reduces operational disruption by identifying dependencies early
- Ensures compliance and governance from day one
- Empowers internal teams with actionable, practical guidance
- Minimises post-migration surprises through proactive planning
- Supports budget predictability with prioritised, phased recommendations

Constraints

Requires access to key stakeholders and existing IT documentation; outcome depends on client engagement.
