

Intelligent Accounts Payable Transformation Suite

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Intelligent Accounts Payable Transformation Suite

Service Description

Streamline, automate, and optimise enterprise accounts payable for finance leaders seeking operational excellence and financial control.

Features

- Automated invoice capture and intelligent data extraction workflows
- Electronic approval routing with customizable escalation paths
- Real-time visibility into payable status and cash flow positions
- Dynamic discount management and payment scheduling optimization
- Seamless integration with leading ERP and financial systems
- Built-in compliance checks and audit readiness reporting
- Advanced analytics dashboard for spend analysis and fraud detection
- Configurable role-based access and segregation of duties control
- Proactive exception handling and supplier self-service portals
- Expert change management and tailored training for finance teams

Benefits

- Accelerates invoice processing and reduces manual effort by over 60%
- Improves working capital management and negotiates better payment terms
- Minimizes risk of errors, duplicate payments, and compliance breaches
- Enhances visibility for decision makers to forecast and manage cash flow
- Delivers rapid ROI via cost savings and process efficiency gains
- Empowers finance teams with actionable insights and benchmarking
- Strengthens supplier relationships through timely, transparent payments
- Reduces audit preparation time with centralized digital documentation
- Supports scalable growth and adapts to evolving business requirements
- Drives successful user adoption with dedicated change management support

Constraints

Requires compatible ERP integration; organizational buy-in for process change essential.
