# 1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

## 2. Insight for the Public Sector

### Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

### Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

## **Our Approach: Consulting, Lifecycle, & Managed Services**

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

## 3. Services

### Service Name

Set Up and Migration

### Service Description

Insight provides expert setup and migration services, ensuring smooth transitions to cloud platforms like AWS, Azure, or Google Cloud. We design tailored migration strategies, assess existing infrastructure, and deliver secure, scalable solutions. Our approach minimises downtime, optimises performance, and guarantees compliance, enabling businesses to embrace digital transformation.

### Features

- Detailed analysis of existing infrastructure and applications.
- Customised migration plans aligned with business goals.
- Support for AWS, Azure, and Google Cloud environments.
- Configure security policies, identity and access management.
- Set up monitoring and logging tools.
- Provision cloud resources - compute, storage, networking.
- Rehost, refactor, re-architect applications for cloud.
- Transfer databases, files, and backups securely.
- Ensure data integrity and minimal downtime during migration.
- Validate security compliance and disaster recovery readiness.

### Benefits

- Reduced Risk – Secure, validated migration minimises data loss and errors.
- Business Continuity – Minimal downtime ensures uninterrupted operations.
- Cost Efficiency – Optimised migration reduces infrastructure and operational costs.
- Improved Performance – Post-migration tuning enhances speed and scalability.
- Future-Ready Infrastructure – Modernized systems support long-term growth.
- Regulatory Compliance – Adherence to security and industry standards.
- Enhanced Security – Robust protocols protect sensitive data during transfer.
- Faster Time-to-Value – Quick migration accelerates digital transformation.

- Expert Guidance – Access to certified cloud specialists for best practices.
- Peace of Mind – End-to-end support ensures a smooth, stress-free transition.
