

Fully Managed Public IaaS Excellence

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Fully Managed Public IaaS Excellence

Service Description

Premium end-to-end management of public cloud infrastructure for enterprises seeking secure, scalable, and optimised IaaS environments.

Features

- 24/7 proactive monitoring and incident response for all IaaS resources
- Comprehensive onboarding and migration assistance to public cloud platforms
- Automated scaling and resource optimisation for cost-effectiveness
- Unified dashboard for real-time visibility into cloud operations
- Robust security configuration and continuous compliance management
- Patch management and automated updates for all cloud assets
- Service level agreements guaranteeing uptime and rapid remediation
- Integration support for hybrid and multi-cloud environments
- Detailed monthly reporting and usage analytics with actionable insights
- Dedicated technical support and governance advisory included

Benefits

- Eliminates operational overhead for your IT teams
- Accelerates time-to-value for cloud initiatives
- Ensures always-on security and regulatory compliance
- Optimises spend and delivers predictable cloud costs
- Improves performance through continual tuning and best practices
- Reduces downtime risk with expert-managed infrastructure
- Empowers your business to focus on innovation, not maintenance
- Streamlines multi-cloud operations under unified management
- Delivers custom insights for smarter business decisions
- Guarantees expert support and strategic cloud guidance

Constraints

Requires compatible public cloud provider account and supported workloads; scope excludes private on-premises resources.
