

Premium Managed Private Cloud Infrastructure

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Premium Managed Private Cloud Infrastructure

Service Description

End-to-end managed IaaS for government bodies needing secure, scalable private cloud environments, tailored for UK government bodies seeking operational excellence and regulatory compliance.

Features

- Dedicated private cloud hosting with guaranteed resource isolation
- 24/7 proactive monitoring and incident response services
- Customizable infrastructure architecture aligned to business needs
- Seamless workload migration and onboarding support
- Automated patching, backup, and disaster recovery management
- Multi-layer security controls and continuous compliance monitoring
- Performance optimization and regular capacity planning reviews
- Transparent real-time usage analytics and cost reporting
- Expert advisory for hybrid and cloud-native integrations
- Comprehensive service-level agreements ensuring uptime and resilience

Benefits

- Enhanced business agility with rapid infrastructure scalability
- Improved data protection and regulatory compliance peace of mind
- Reduced operational burden through expert end-to-end management
- Predictable operational costs and optimized cloud expenditures
- Accelerated time-to-value for digital transformation initiatives
- Strengthened security posture against evolving cyber threats
- Guaranteed high availability and disaster resilience
- Seamless integration with existing and future IT investments
- Continuous service improvement driven by proactive analytics
- Ability to focus internal resources on core business innovation

Constraints

Available only for enterprise contracts; onboarding requires a readiness assessment and compatible network connectivity.
