

Human Capital Foundation Suite Implementation

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Human Capital Foundation Suite Implementation

Service Description

Comprehensive deployment and optimisation of core HR applications for organisations seeking to modernise workforce management and drive HR operational excellence.

Features

- Implementation of core HR platforms for seamless workforce data management
- Custom configuration to align HR systems with unique organisational policies
- Secure employee records management supporting complex compliance requirements
- Integration of benefits administration, onboarding, and time management modules
- Automated workflow design for routine HR processes and approval chains
- Migration and cleansing of legacy HR data for consistency and usability
- Role-based access controls to protect sensitive employee information
- User training, documentation, and change management support for HR teams
- Strategic analytics dashboards for actionable HR insights and reporting
- Scalable architecture to support future talent management and payroll modules

Benefits

- Accelerates HR digital transformation and operational agility
- Ensures data integrity and reduces manual process errors
- Drives compliance with labour laws and company policies
- Enhances employee engagement through streamlined HR services
- Facilitates rapid onboarding and offboarding of personnel
- Reduces administrative overhead and HR operational costs
- Improves workforce visibility for proactive management and planning
- Enables secure, centralised repository for all employee data
- Supports data-driven decision-making across HR functions
- Lays foundation for advanced talent and payroll integrations

Constraints

Requires stakeholder participation, access to legacy HR data, and clear change management alignment.
