

Intelligent File Archiving Optimization Service

G Cloud 15 - LOT2A

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Intelligent File Archiving Optimization Service

Service Description

A premium consulting solution for enterprises seeking to modernize and streamline file archiving, ensuring compliance, efficiency, and future scalability.

Features

- Comprehensive assessment of current file and data archiving systems
- Tailored strategy design for optimal file lifecycle management
- Implementation of advanced archiving software solutions
- Automated policy enforcement for retention and compliance
- Seamless integration with existing storage and backup platforms
- Secure migration and consolidation of legacy archived data
- Advanced analytics for archiving trends and cost optimization
- Robust access controls and encryption for data protection
- Automated deletion and secure purging of expired files
- Ongoing monitoring, support, and compliance reporting

Benefits

- Reduces storage costs by efficiently managing archived data
- Ensures regulatory compliance with automated retention policies
- Decreases business risk through secure and reliable archiving
- Enhances data retrieval speed with optimized indexing
- Improves scalability to accommodate organizational growth
- Streamlines IT operations through automation and integration
- Protects sensitive information with industry-standard security
- Boosts audit readiness with transparent reporting
- Minimizes manual intervention and associated errors
- Delivers ongoing expert support for continuous improvement

Constraints

Requires compatible infrastructure and defined compliance policies. Legacy formats may need conversion.
