

Cloud Security Strategy Blueprint

G Cloud 15 - LOT3

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Cloud Security Strategy Blueprint

Service Description

A strategic consulting service for organisations seeking to fortify cloud environments with comprehensive, business-aligned security roadmaps.

Features

- Holistic assessment of current cloud security posture
- Executive security visioning and risk appetite workshops
- Definition of tailored security principles and objectives
- Prioritised remediation roadmap for risk reduction
- Cloud-specific threat modelling and impact analysis
- Alignment with regulatory and compliance standards
- Stakeholder engagement and communication planning
- Integration of Zero Trust security methodologies
- Gap analysis against leading cloud security frameworks
- Actionable recommendations for ongoing security improvement

Benefits

- Enhances resilience against evolving cloud-based threats
- Aligns security investments to organisational goals
- Reduces risk of costly security breaches
- Improves stakeholder confidence and board assurance
- Accelerates cloud adoption with business-driven controls
- Ensures compliance with industry regulations and standards
- Establishes a unified, organisation-wide security vision
- Empowers teams with a clear security operating model
- Supports continuous security maturity growth
- Decreases operational disruption through proactive planning

Constraints

Requires executive sponsorship and stakeholder input; limited to advisory and strategy scope.
