

G-Cloud 15 Pricing

Unit-based pricing

General Pricing Information

No sector-specific pricing applies. The quoted pricing information for this service applies equally across all client sectors. All pricing information is quoted in pounds sterling (GBP) and prices are exclusive of VAT at the applicable rate (unless otherwise stated).

Unit-Based Pricing

Unit is defined as a person. Final price for each service line will be calculated based on individual customer requirements and the number of units required to deliver the service based on those requirements, captured in the Statement of Work. Unit-based pricing is defined in the Pricing section of Digital Marketplace.

Pricing lists the day rates applicable to this service. Prices quoted in the Pricing section of Digital Marketplace represent the maximum onshore and offshore rate charged for each skill/responsibility level.

Pricing for Combined Services

If a client wishes to purchase several discrete G-Cloud services as a single package, the total price will be the combination of the individual service line prices.

Volume / Combination Discounts

All prices are quoted without volume or combination discounts. Discounts may apply where the volume or work combination is appropriate but will be subject to negotiation and agreement during the purchasing stage.
