

GOOGLE CLOUD AUDIT

Do you have any unknowns or concerns about your Google Cloud environment? Our team will work with you to understand your specific requirements before auditing your existing Google Cloud environment & presenting you with our complete findings.

[CONTACT US](#)

Greater Understanding Of Environment

The findings of the audit will give you a complete understanding of your existing Google Cloud Environment.

Enhance Cloud Security

Ensure that your business processes are up-to-date and your environment is secure.

Make Data-Driven Decisions

The findings of the audit will allow you & your business to take the next steps based on concrete data.

- **Discovery:** You will meet with our pre-sales team to help them establish the intention of the audit.
- **Pre-Audit:** Our team will begin to build scripts to extract the necessary information.
- **Audit:** We will carry out a focused audit of your Google Cloud Environment based around your concerns or focus areas..
- **Post- Audit Findings:** Our team will present their findings in a clear and concise format.

WHAT YOU GET

Your Google Cloud Audit delivers a detailed analysis of your existing setup, empowering you to optimise your resource allocation, enhance security, and maximise the value of your Google Cloud investment.
