G-Cloud NEC AdviseInc Price Benchmarking, Spend Analytics, Control & Management Applications

Pricing Document

Please refer to the Service Definition for a full description of the core service and optional capabilities.

The NEC AdviseInc Price Benchmarking, Spend Analytics, Control & Management Applications provide cloud-based insight, analytics, benchmarking and spend control functionality to support healthcare and public sector organisations with improved transparency, governance and decision-making.

Pricing is dependent on a number of factors, including:

- Number of organisations purchasing
- Number of users
- Scope of analysis
- Data feeds and data quality
- Any required configuration or customisation.

Prices are per organisation, per month, billed annually, and are based on a 3-year G-Cloud call-off contract.

All prices listed in this document are exclusive of VAT.
