G-Cloud NEC AdviseInc Platform Modules

Pricing Document

Please refer to the Service Definition for a full description of the core service and optional capabilities.

NEC AdviseInc delivers cloud-based analytics, benchmarking, and spend control applications for healthcare and public sector organisations. The platform supports a suite of modules, including:

- Inventory Management
- Inventory Stock Take
- Catalogue Check
- Workplan (with Atamis integration)
- Medicines
- Agency Staffing
- Purchase-to-Pay
- Fraud Detection
- All modules require an active platform membership.

All Platform Modules require an active subscription to the core Price Benchmarking and Spend Analytics Platform. Prices are per organisation, per month, billed annually, and are based on a 3-year G-Cloud call-off contract.

All prices listed in this document are exclusive of VAT.
