Cadcorp SIS Desktop

Subscription charges

The ongoing subscription charge for Cadcorp SIS Desktop is payable on order and set out in the table below:

Cadcorp SIS Desktop (Cloud)	Subscription charges
A single named user subscription to Cadcorp SIS Desktop in the cloud accessed as a virtual desktop application or via a web browser. The service is designed for users carrying out typical day-to-day GIS tasks and includes: • SIS Desktop accessed as a virtual desktop application or via a web browser. • Cadcorp support services. • Customer cloud file storage (up to 10GB). • Cadcorp Open or Premium Map Service and Cadcorp Open Data Service. • Application health check including monitoring resources. • Installing new software service releases as required. For organisations with a larger number of GIS users, a range of SIS Desktop in the cloud concurrent licence options are available, including up to 200GB of cloud file storage per customer.	£225 per month
5 Concurrent Licences / 10 Named Users	£1,115 per month
10 Concurrent Licences / 20 Named Users	£1,645 per month
25 Concurrent Licences / 50 Named Users	£3,400 per month
50 Concurrent Licences / 100 Named Users	£5,830 per month

Additional Service Options

NEC can optionally provide the following additional service options and can offer advice on when these should be considered. Whilst the service includes cloud file storage, there are advantages of using this service alongside a Cadcorp hosted spatial database, see Cadcorp G Cloud Hosted Spatial Database Service Definition for further details. Please contact NEC to discuss these additional service options in more detail.
