G-Cloud NEC Document Management EDM

Pricing Document

Please refer to the Service Definition for a definition of the core/standard service and details of additional services that are available.

The NEC Document Management Standard G-Cloud Service is available as:

1. NEC Document Management Software as a Service (SaaS).
2. NEC Document Management Private Cloud (an on-premise, or separately procured private cloud).

NEC Document Management Software as a Service (SaaS)

The NEC Document Management EDM charging comprises an initial on-boarding charge and an ongoing monthly subscription charge, payable quarterly in advance. The charges are based on the number of users.

The Monthly Subscription Charge, payable quarterly in advance, is priced based upon a per user per month basis. The pricing below assumes a minimum of 100 users (75 concurrent).

Number of Users	Onboarding	Monthly subscription per user
100-299 (75 maximum concurrent)	£34,237	£68.59
300-599 (200 maximum concurrent)	£34,237	£52.81
600+ (500 maximum concurrent)	£34,237	£49.65

The price includes 100GB of live data storage. Additional data storage is available.

For clients converting from another EDM system, a separate on-boarding package is offered that will deliver the additional project management, data migration and training required. Initially, we will carry out a scoping study, at a cost of £4,000, to agree the scope of the migration and the efforts required for the on-boarding. Following the scoping study, we will provide a fixed price for the migration based on NEC rate card.

Additional Resources

The Monthly Subscription Charge is based on the core service price for the number of users. If there is a requirement for interfaces to other systems, we will carry out a scoping study to confirm the requirement at a cost of £1,500 per interface. Implementation of any recommendations or actions resulting from the scoping study will be priced on a fixed price basis using the NEC rate card. The supply of any interface will require the client to have the relevant connections available for the third-party application we are interfacing to. Any associated costs in relation to the third party will be the responsibility of the client.

The price includes 100GB of live data storage. Additional data storage is available:

	On-boarding	Monthly subscription
Data storage (optimized), per 100GB	£875	£104.17
Data storage (standard), per 100GB	£1200	£142.86
Consultancy	£1350 per day	n/a

NEC Document Management Private Cloud

The NEC Document Management EDM charging comprises an ongoing annual subscription charge, payable annually in advance. The charges are based on a per user basis.

For an existing client moving to an on premise or separately procured private cloud the on-boarding is the responsibility of the client.

The pricing below assumes a minimum of 100 users (75 concurrent).

Number of Users	Monthly subscription per user	Annual Subscription Charges for 100,300,600
100 (75 maximum concurrent)	£20.83	£24,996
300 (200 maximum concurrent)	£11.83	£42,588
600 (500 maximum concurrent)	£7.97	£57,384

For clients converting from another EDM system, a separate on-boarding package is offered that will deliver the additional project management, data migration and training required. Initially, we will carry out a scoping study, at a cost of £4,000, to agree the scope of the migration and the efforts required for the on-boarding. Following the scoping study we will provide a fixed price for the migration based on NEC Rate card.

Additional Resources

The annual subscription charge is based on the core service. If there is a requirement for interfaces to other systems, we will carry out a scoping study to confirm the requirement at a cost of £1,500 per interface and module requirement. Implementation of any recommendations or actions resulting from the scoping study will be priced on a fixed price basis using the NEC rate card. The supply of any interface will require the client to have the relevant connections available for the third-party application we are interfacing to. Any associated costs in relation to the third party will be the responsibility of the client.

	On-boarding	Monthly subscription
Consultancy	£1350 per day	n/a

The above rate excludes expenses. Any expenses will be charged at £150 per day.

NEC Rate Card

Resource Name	Rate
Programme Manager	£1600
Project Manager	£1500
Consultant	£1350
Lead Consultant	£1500
Trainer	£1000
Senior Developer	£950
