

AWS Landing Zones

Unlock the full potential of your cloud infrastructure with our AWS Landing Zones.

What are AWS Landing Zones?

AWS Landing Zones is designed to provide a well-architected, multi-account environment that is scalable and secure. It includes various types of landing zones such as AWS Control Tower Landing Zone, AWS Landing Zone Accelerator, and Enterprise Landing Zones (Single Account and Multi-Account). These landing zones align with the AWS Well Architected Framework and include underlying configurations for monitoring, alerting, logging, identity and access management, service control policies, and multi-factor authentication.

Benefits:

Scalability: Easily scale your cloud infrastructure to meet growing demands

Cost Optimisation: Optimise costs with centralised billing and efficient resource usage

Compliance: Ensure compliance with regulatory policies through centralised management

Improved Security Controls: Enhance security with well-architected standards and security guardrails

Agility: Increase agility with modular design and rapid

Our Deliverables:

- › **AWS Control Tower Landing Zone:** Simplified setup with best practices and account governance
- › **AWS Landing Zone Accelerator:** Rapid deployment automation with advanced centralised logging
- › **AWS Enterprise Landing Zone (Single Account):** Cost-efficient and easy to monitor
- › **AWS Enterprise Landing Zone (Multi-Account):** Flexible and scalable with tailored solutions

Why Telefónica Tech?

Telefónica Tech offers a strategic approach to cloud consulting using a proven methodology called PROPEL, which ensures rapid time to value, scalability, and continuous optimisation. Our expertise in providing tailored cloud solutions, whether public, private, or hybrid, helps you achieve tangible results fast without compromising quality. With a comprehensive cloud portfolio and global partnerships, we deliver end-to-end services that drive digital transformation and innovation.

Additional Services to Elevate Your Business

Strategic Cloud Consulting

Our strategic cloud consulting services help you design and deploy cloud solutions that align with your business goals.

Cloud Managed Services

We offer comprehensive cloud-managed services to ensure the smooth operation of your cloud infrastructure.

Cloud Networking

Our cloud networking solutions provide secure and reliable connectivity for your cloud environment.

Leading the Way in
Digital Transformation
for our Customers

Telefónica Tech unlocks the power of integrated technology, bringing together a unique combination of the best people, with the best tech and the best platforms, supported by a dynamic partner ecosystem to make a real difference to every business, every day.
