

Dell PowerProtect Data Domain Virtual Edition

Dell PowerProtect DD Virtual Edition is priced according to the size and the type of solution that best suits a user’s native and hybrid cloud environments. As such, each deployment requires separate sizing and pricing according to the individual needs.

The software appliance is purchased in 1TB increments up to a maximum of 256TB per instance and must be purchased with manufacturer support with suitable SLAs appropriate to the function of the appliance. Additional, expanded features may also be purchased to enhance and improve the appliance’s functionality.

1TB DDVE instance for 1 year subscription	£1,091.25
