# Bitdefender BSG Solution Comparisson

Bitdefender
BUILT FOR RESILIENCE

- Included
- Charged Add-on or separate product
- Requires GravityZone Business Security Enterprise
- * Requires Endpoint Detection and Response
- ** Requires Advanced Threat Security for MSP

| Product name | Bitdefender GravityZone Business Security | Bitdefender GravityZone Business Security Premium | Bitdefender GravityZone Business Security Enterprise | Bitdefender Managed Detection & Response | GravityZone Security for Workstations | GravityZone Security for Servers | GravityZone Security for AWS | Bitdefender GravityZone EDR Cloud | Bitdefender GravityZone Cloud MSP Security |
|---|---|---|---|---|---|---|---|---|---|
| **Description** | Simple and efficient security for small businesses Achieve complete protection against all types of malware (ransomware, phishing, zero-day attack, viruses, spyware, etc. ) in a single, easy-to-use platform for all your devices | Enhanced protection against sophisticated threats with additional features and capabilities for security operations and reducing operational overhead | Integrated next-gen Prevention, Detection and Response platform against sophisticated cyber threats. | Advanced attack prevention and response 24/7 as well as reducing security team burden | Essential cybersecurity protection. With its adaptive, layered defense, GravityZone Security for Workstations offers the best protection against sophisticated threats without compromising performance. | Delivers insights and secures workloads at runtime. Anchored by the GravityZone platform, a single pane view provides full visibility into the entire infrastructure and into all VMs, containers, endpoints, OSs and workloads. | Delivers insights and secures workloads at runtime in AWS. Anchored by the GravityZone platform, a single pane view provides full visibility into the entire infrastructure and into all VMs, containers, endpoints, OSs and workloads. | For organizations looking for advanced threat detection, focused investigation and effective response (Minimum 50 Endpoints) | Unified, highly effective EDR, Next-gen AV, Risk Analytics, and Hardening for MSPs and CSPs. Available with monthly licensing, multi-tenancy, and integrations to MSP systems. |
