Pricing

Overview

At Cribl, we pride ourselves on giving you the choice, control, and flexibility you need to manage your IT and security data—and that same approach applies to how we price our product suite and offerings.

Our pricing structure ensures you only pay for what you use, empowering you to minimize costs while maximizing the value of your existing tools and investments, whether you're collecting data from on-premises environments or cloud infrastructure.

Cribl's portfolio includes the following four products:

- Cribl Stream (Cloud, On-Premise, Guard)
- Cribl Edge
- Cribl Search
- Cribl Lake

Pricing is in USD and is exclusive of VAT.

Pricing

Overview - Cloud

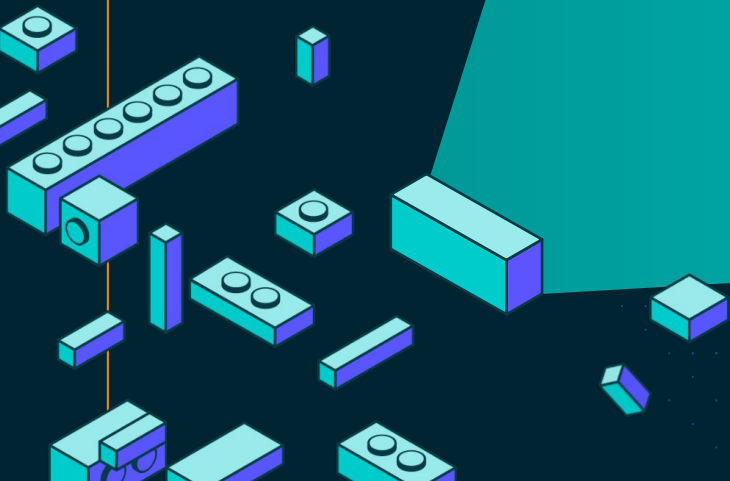

Take advantage of Cribl's flexible consumption-based model when using Cribl's cloud platform. Only pay for what you use.

Cribl Credits let you allocate spending as needed and easily adjust as demands change.

Get full control over both your data and your budget.

1 credit = \$1

Cribl Stream Pricing

Cribl Stream Pricing

Cloud

With Cribl Cloud, data volumes are converted into Cribl Credits (1 Credit = \$1)

Cribl Stream charges for data **Ingest** plus the **Infrastructure** resources needed for processing your data.

Cloud Ingest

- Enterprise Cloud Worker = 0.32 Credits / GB
- Enterprise Hybrid Worker = 0.26 Credits / GB

Cloud Infrastructure

You can select which Cloud Provider you would want – AWS (London) or Azure (UK South-London)
Then based upon the throughput (MB/s) this converts into credits.

See the table on the next page to see how throughput is converted into credits.

Cribl Stream Pricing

Cloud

Cloud Infrastructure

AWS

Throughput (MB/s)	Cost in Credits
12 MB/s	1.5 Credits/Hr
24 MB/s	3.1 Credits/Hr
36 MB/s	4.6 Credits/Hr
48 MB/s	6.2 Credits/Hr
60 MB/s	7.7 Credits/Hr
84 MB/s	10.8 Credits/Hr
120 MB/s	15.5 Credits/Hr
156 MB/s	20.1 Credits/Hr
180 MB/s	23.2 Credits/Hr

Azure

Throughput (MB/s)	Cost in Credits
12 MB/s	1.3 Credits/Hr
24 MB/s	2.6 Credits/Hr
36 MB/s	3.9 Credits/Hr
48 MB/s	5.2 Credits/Hr
60 MB/s	6.5 Credits/Hr
84 MB/s	9.1 Credits/Hr
120 MB/s	13 Credits/Hr
156 MB/s	16.9 Credits/Hr
180 MB/s	19.5 Credits/Hr

Cribl Stream Pricing

Software License (On-Premise)

If you need to manage and run your own infrastructure on-premise, we offer volume-based licensing for Stream and Edge.

Daily Ingestion	Standard	Enterprise
Up to 100GB / day	\$4,800	-
Up to 500GB / day	\$20,000	\$50,000
Up to 1TB / day	\$34,000	\$84,000
Up to 2TB / day	\$56,000	Contact Us
Up to 5TB / day	\$120,000	Contact Us
Over 5TB / day	-	Contact Us

Cribl Stream Pricing

Cribl Guard

Cribl Guard is a proactive, automated way to detect and protect your sensitive data in real-time. Guard helps your team reduce risk, ensure compliance, and operate more efficiently.

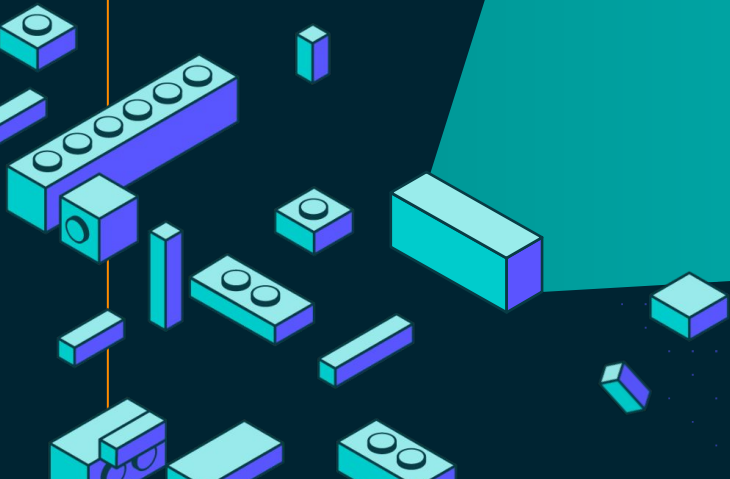

Cloud

0.15 Credits / GB Scanned

Self-Hosted Infrastructure (On-Premise)

Daily Scan Volume	Enterprise
Up to 500GB / day	\$29,000
Up to 1TB / day	\$48,720
Up to 2TB / day	Contact Us

Cribl Edge Pricing

Cribl Edge Pricing

Cloud

Collect logs, metrics, and application data from anywhere. Only pay for ingestion once — data sent from Cribl Edge to Cribl Stream is billed a single time. Control costs by dropping unnecessary data at the edge before it's ever collected or analysed.

No surprises, just smarter data collection.

0.21 Credits / GB

1 credit = \$1

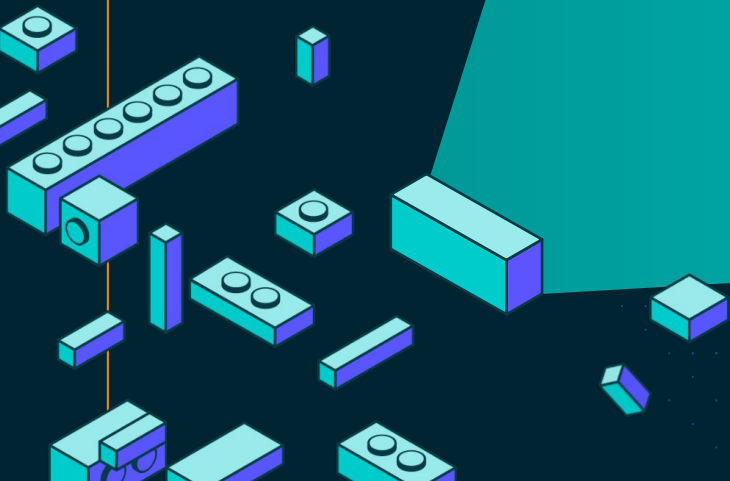

Cribl Edge Pricing

Software Licence (On-Premise)

If you need to manage and run your own infrastructure, we offer volume-based licensing for Stream and Edge.

Daily Ingestion	Standard	Enterprise
Up to 100GB / day	\$4,800	-
Up to 500GB / day	\$20,000	\$50,000
Up to 1TB / day	\$34,000	\$84,000
Up to 2TB / day	\$56,000	Contact Us
Up to 5TB / day	\$120,000	Contact Us
Over 5TB / day	-	Contact Us

Cribl Search Pricing

Cribl Search Pricing

3 Different Licensing Options

(1) Subscription

Flat-rate subscription pricing offers a fixed monthly fee based on the size of your dataset, independent of usage. This is ideal if you want more predictable pricing or need guaranteed pricing for budget planning.

Daily Ingestion	Enterprise
Up to 100GB / day	\$2,500
Up to 500GB / day	\$12,147
Up to 1TB / day	\$24,294
Over 1TB / day	Contact Us

Cribl Search Pricing

3 Different Licensing Options

(2) Consumption

Usage-based consumption pricing means you only pay for what you search. Searches are calculated by the number of CPU hours it takes to complete a search – most searches take less than a second! This is ideal if you want to avoid fixed contracts, only need to run a limited number of searches, or want to try Cribl Search before buying.

1 Credit per CPU Hour

1 Credit = \$1

Lakehouse

You can select which Cloud Provider you would want – AWS (London) or Azure (UK South-London)
Then based upon the throughput (MB/s) this converts into credits.
See the table on the next page to see how throughput is converted into credits.

Cribl Search Pricing

3 Different Licensing Options

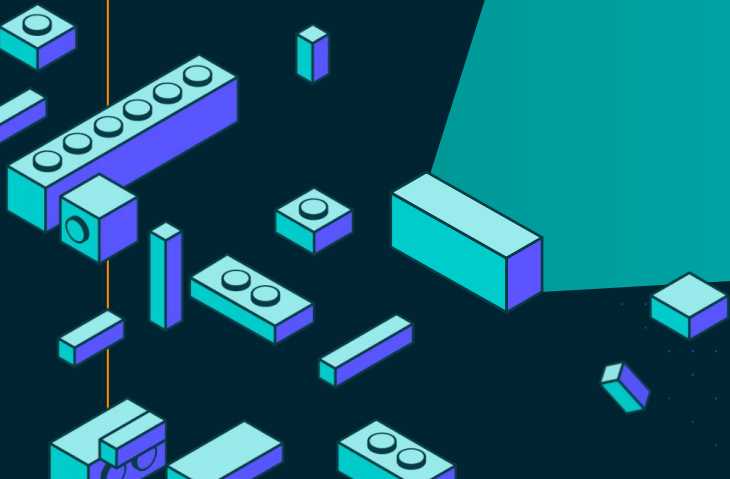

(3) Lakehouse

You can select which Cloud Provider you would want – AWS (London) or Azure (UK South-London)
Then based upon the throughput (MB/s) this converts into credits (as per the table below).

Pricing includes 30-day retention and unlimited Lakehouse searches.

Tier	Capacity/Day	Credits/Month
Small	600 GB	6,086
Medium	1,200 GB	11,572
Large	2,400 GB	22,004
X-Large	4,800 GB	41,844
2X-Large	9,600 GB	Contact Us

Cribl Lake Pricing

Cribl Lake Pricing

3 Different Licensing Options

(1) Cribl-Managed Data Lake

Cribl Lake is priced based on the volume of data stored and how long it's retained — based on 30-day retention. You are only charged for the amount of compressed data stored per month, not the raw ingested data volume.

0.05 Credits / GB

1 credit = \$1

(2) Self-Managed BYOS

If you need complete control over where your data is stored, while centralizing management across multiple clouds, Cribl Lake offers a bring your own storage (BYOS) option.

0.02 Credits / GB

1 credit = \$1

Cribl Lake Pricing

3 Different Licensing Options

(3) Direct Access

Direct Access allows you to ingest data straight into Lake without building full Stream pipelines first.

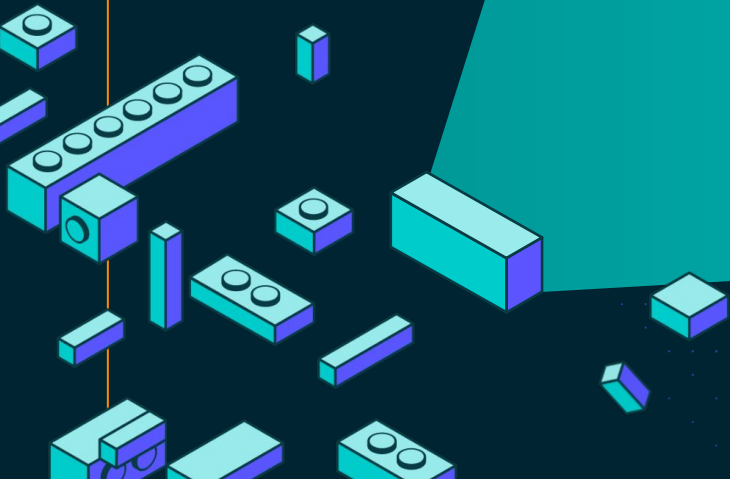

It provides a cost-effective way to store high-volume, less frequently accessed log data, easily accessible to Replay with Stream or query with Search.

Direct Access charges are based on the total volume of data ingested; storage costs are billed separately at standard Lake rates.

0.10 Credits / GB

1 credit = \$1

Cribl Training

Cribl Training Pricing

Always Free, Forever Valuable

Cribl University

All core training content and Cribl Certified certifications are **free to access** via Cribl's online learning platform, Cribl University.

How to access Cribl Training:

- Go to <https://cribl.io/university/>
- Click “*create your account*” or sign in with an existing Cribl ID
- From there, learners can:
 - Enroll in self-paced courses
 - Register for LIVE learning sessions
 - Start certification paths
 - Jump to YouTube, Sandboxes or Documentation, as needed

Thank you!
