Accelerate Your Outcomes with Informatica Professional Service Units (PSUs)

In today's fast-paced AI-powered world, speed is critical to unlocking business value and staying ahead of the competition. That's where Informatica Professional Services comes in, offering a gamechanging solution to accelerate your success -- Professional Services Units (PSUs).

With PSUs you gain flexible on-demand access to a wide range of expert services tailored to your needs. This modular system allows you to purchase PSUs in bulk, giving you the freedom to apply them to any eligible services from the Informatica Services Catalog —whenever you need them, within a 12 month period.

How PSUs Work

Each PSU represents a unit of professional services value that can be applied to the range of offerings in our listing.

Simple and Scalable Process

- **Easy Bulk Purchase:** Secure PSUs with a single order—no need for lengthy contracts or statements of work.
- **Wide Service Selection:** Choose from an extensive catalog of eligible services that align with your business roadmap.
- **Maximise Value:** Our team will guide you in selecting the right services to amplify your PSU investment.
- **Quick Engagement:** Activate professional services quickly, as needed, based on consultant availability.

Why Choose PSUs?

PSUs revolutionise how you access professional services, helping you drive faster and better results.

Key benefits include:

Flexibility

Bulk PSUs, flexible services when you need them

Buy PSUs in bulk and use them when it suits your business needs, for any eligible service

Comprehensive Coverage

Unlock a world of services with the Informatica PSU Catalog

Gain access to a vast array of professional services listed in the Informatica PSU Catalog

Modular Options

Customize Your Services to Accelerate Success

Mix and match services to meet your unique project goals and accelerate outcomes

Add-on Training Benefits

Equip your team with the skills needed for efficient data management

Delivered by expert instructors in a virtual classroom setting with a tailored plan to maximize productivity

Tiered Pricing Options

To unlock cost savings and flexibility, customers should consider Informatica's tiered pricing for Professional Service Units. This approach allows you to scale your service consumption effortlessly while benefiting from discounted rates as your usage grows.

Optimise your investment with tailored pricing tiers designed to meet your evolving data management needs and maximize value.

Consider tiered pricing when you:

- Anticipate varying or increasing usage volumes
- Want to optimize costs by purchasing larger quantities upfront
- Need flexibility to scale services
- Seek discounts tied to higher consumption levels

Tiered pricing is ideal for those aiming for cost efficiency and predictable budgeting as their service needs grow.

Tier	Service Size	Price
Professional Services Unit	Unit	£840.0
Starter Bundle	150	£120,000.0
Growth Bundle	250	£192,000.0
Acceleration Bundle	350	£258,000.0
Enterprise Bundle	500	£354,000.0

Pricing notes

- Consultant's working day: 8 hours exclusive of travel and lunch
- Working week: Monday to Friday excluding national holidays
- Office hours: 9:00am to 5:00pm Monday to Friday
- Travel, mileage subsistence: Included in day rate within M25. Payable at department's standard travel and subsistence rates outside M25
- Mileage: As for travel, mileage subsistence.
- Professional indemnity insurance: included in price

Add-on Training Benefits

Empower your workforce with Professional Service Units (PSUs), the smart way to access comprehensive training on Informatica's industry-leading data management solutions. Designed for government organisations seeking scalable, flexible, and budget-friendly learning options, our PSUs provide prepaid access to a wide range of instructor-led, virtual, and self-paced courses.

Why Choose PSUs for learning?

- **Flexible Training Access:** Redeem PSUs for any Informatica training course from the catalog below, anytime, anywhere—tailored to your team's unique needs.
- **Cost-Effective:** Purchase PSUs in bulk to maximise your training budget with discounted rates and simplified billing.
- **Scalable Learning:** Easily allocate PSUs across departments and projects, ensuring your entire organisation stays up-to-date with the latest Informatica technologies.
- **Simplified Management:** Streamline training administration with a single prepaid credit system, reducing procurement complexity.
