
Introducing boxxe's Azure Landing Zone Deployment service

boxxe's Azure Landing Zone Deployment Service provides organisations with a secure, scalable, best-practice Azure environment built on Microsoft's Cloud Adoption Framework (CAF) for a fixed cost. The service accelerates cloud adoption by removing complexity and embedding strong governance, security and operational foundations from day one.

What the Service Provides

- Identity & Access Management integration
- Security & Compliance Controls
- Networking Foundations
- Governance & Management
- Standardised Architecture ready for workload and data migration

Who the Service Is For

This service is suitable for organisations new to Azure, those improving existing Azure governance, or operating in regulated sectors.

Why boxxe

boxxe combines deep cloud expertise, a proven methodology, consultancy-led delivery, Microsoft Solution Partner status, and Azure specialisations to ensure high-quality, outcome-focused deployment.

Customer Problems Solved

This fixed price engagement aims to address multiple customer challenges:

- Ambiguous or inconsistent cloud infrastructure
- Complicated migrations
- Governance and compliance complexity
- Lack of internal cloud skills
- Risk of cloud sprawl and cost overruns

Customer benefits & Outcomes

- Rapid, low-risk Azure adoption
- Strong governance and standardisation
- Improved security & compliance
- Future-proof scalable environment
- Enhanced operational efficiency
- Clarity in cloud strategy

Approach & Methodology

1. Discovery & Assessment
2. Produce a design aligned to Microsoft CAF
3. Azure Landing Zone deployment using best-practice templates
4. Validation & Knowledge Transfer

Pricing Model

Pricing is transparent and provided on a fixed-cost, fixed deliverable basis.

Please see Pricing Document for more information.

Why Customers Choose This Service

boxxe's Azure Landing Zone Deployment Service provides a secure, scalable, best-practice Azure foundation aligned to Microsoft CAF, enabling organisations to adopt Azure cloud quickly and with confidence.

Through expert consultancy, rigorous methodology and deep Azure specialisation, boxxe delivers a landing zone that reduces risk, enhances governance, and prepares customers for long-term growth and innovation.
