Pricing

Symology's Street Works Management for Traffic Managers (Cloud Edition) is priced by an Annual Subscription fee, plus an additional annual fee for each Option, plus a fee per user.

Per user and per mobile user fees are per user per month in advance and can be varied up or down. The number of users required is completely elastic with no limitations and each named user also has access to the Android/iOS mobile app included.

Per user and per mobile user fees are also available on a fixed 1, 2, 3 or 4-year commitment basis, with a lower effective price per month.

All prices listed are subject to annual retail price indexation.
