# tlmNexus Digital Evidence Builder (DEB) Cloud Software Service Pricing

## 1. Introduction

This document is the tlmNexus Digital Evidence Builder (DEB) Service Pricing in relation to the G-Cloud 15 Cloud Software service. This Pricing is associated with the tlmNexus Digital Evidence Builder (DEB) Cloud Software Service Definition document available through the G-Cloud 15 Framework.

## 2. Generic Pricing Principles

A tlmNexus service does not provide an End User licence.

The on-boarding price is listed for the service and is calculated based on a single asset team and the size of the user base. This will be followed by a monthly subscription for the service based on the size of the user base.

If a customer requires a specific configuration related to their unique business requirements or integration with other systems this can be ordered through the tlmNexus Lot 3 Cloud Support service priced in accordance with our SFIA Rate Table (see Pricing Document).

It is implicit within the service that the customer has a 'permit to use' the Service for the duration of the order. Please note in the event a customer wishes to off-board from the service a notice period of 30 working days is required and the service subscription remains payable during this time. Any non-standard off-boarding will be priced according to the volume and format of the data requirements on a case-by-case basis using the SFIA day rate card.

### 3. Service Level Description

This is detailed in the Digital Evidence Builder (DEB) Cloud Software Service Definition document.

### 4. Module Pricing Description

Digital Evidence Builder (DEB) Service pricing describes the price paid for onboarding and monthly service of the Digital Evidence Builder (DEB) Service for the management team of a single asset type which may comprise multiple assets of the same type.

### 5. User Base Description

| User Base   | Description       |
|-------------|-------------------|
| Small       | 1-49 users        |
| Medium      | 50-199 users      |
| Large       | 200 to 499 users  |
| Extra Large | 500 or more users |
