

# Response to G-Cloud 15 Crown Commercial Service

Lot 2b Software as a Service (SaaS):

Cloud Hosted Applications

Pricing Document

January 2026

# Cloud Hosted Applications Pricing

AtkinsRéalis has submitted an entry for the provision of Cloud Hosted Applications under Lot 2b Software as a Service (SaaS) of G-Cloud 15 Framework.

The services offered under this entry will consist of services provided by Cloud IT professionals to determine the requirements, design, and architecture of the hosting platform as well as the necessary costs for hosting. The cost of the Cloud IT professionals will be determined based on an assessment of the requirements provided by the customer.

**The cost of hosting the application(s) is not provided here and will be issued to the customer separately based on an assessment of the application and the requirements of the customer for Service Level Agreements, Disaster Recovery, Cloud Hosting Platform, Availability, and Security requirements.**

## Rate Card

|                                        | Strategy and architecture | Change and transformation | Development and implementation | Delivery and operation | People and skills | Relationships and engagement |
|----------------------------------------|---------------------------|---------------------------|--------------------------------|------------------------|-------------------|------------------------------|
| <b>Follow</b>                          | Up to £600                |                           |                                |                        |                   |                              |
| <b>Assist</b>                          | Up to £700                |                           |                                |                        |                   |                              |
| <b>Apply</b>                           | Up to £1,050              |                           |                                |                        |                   |                              |
| <b>Enable</b>                          | Up to £1,450              |                           |                                |                        |                   |                              |
| <b>Ensure, advise</b>                  | Up to £1,700              |                           |                                |                        |                   |                              |
| <b>Initiate, influence</b>             | Up to £1,950              |                           |                                |                        |                   |                              |
| <b>Set strategy, inspire, mobilise</b> | Up to £2,350              |                           |                                |                        |                   |                              |

All prices are exclusive of VAT.
