1. Pricing, ordering and commercial terms

1.1 Pay-as-you-use licensing

Unless specified, the Kahootz Consult pay-per-use license is term-based rather than user-based. This approach helps because participation levels are rarely known when broadcasting surveys and consultations.

When you use the software, you can have

- Unlimited consultations
- Unlimited consultees
- Unlimited documents
- Unlimited administrators
- Unlimited consultation managers

This straightforward approach also makes it easier for public sector organisations to effectively manage costs and avoid unnecessary issues if a consultation subject stimulates greater than expected levels of responses. The default Government Department license fee covers up to 20,000 users, which by experience, will cover most, if not all, usage patterns.

1.2 Kahootz Consult Prices

License				Module	Monthly Fee
Local License	Public	Sector	Annual	Kahootz Consult	£790
(Single Department use)					
Local License	Public	Sector	Annual	Kahootz Consult	£1200
(Unitary Authorities and Multi-Department use)					
Government Department				Kahootz Consult	< 20,000 subscribers
					£1,635
					20,000 – 50,000 subscribers
					£2,725
					50,000 – 100,000 subscribers
					£3,270
					100,000+ subscribers
					£4,360

The prices in the table above exclude VAT, and the minimum contract term is six months. A 7% discount is offered for a one-year advance payment, a 12% discount for a two-year advance payment, and a 15% discount for a three-year advance payment.

1.2.1 Single Project License

Subject to the payment for pre-requisite implementation services and annual branding fees, Kahootz Consult can be licensed for single-use consultations:

License	Audience	Annual Fee
Per consultation exercise	< 5,000 subscribers	£3,200
	5,000 – 10,000 subscribers	£3,850
	10,000 – 20,000 subscribers	£5,000
	20,000 – 50,000 subscribers	£6,300
	50,000 – 100,000 subscribers	£7,600
	100,000+ subscribers	£9,400

If multiple 'single-use' consultations are procured simultaneously, a discount of 50% is provided on each pre-paid additional consultation exercise. For example, 3 single-use consultations (5,000 – 10,000 subscribers) = £3,500 + 2 x £1,750 = £7,000/year.
