THINKING
BEYOND
LIMITATIONS

We're Kainos

Formed in 1986, we set about finding the best people to tackle the most difficult digital work. We fostered a culture where people truly care for each other and the world around them.

Our reputation for software engineering and problem-solving was quickly established, and our customers started to view us more as their colleagues

We're much bigger now, helping organisations across the globe to navigate change in more ways than ever. But some things never change, like our commitment to our people, delighting our customers, and our technical ability

Some say we're leading a quiet revolution in digital, but if you ask us, we're just doing our bit to make the world a little bit better.

Dynamics 365 implementation and Optimisation service

A structured implementation and optimisation service delivering Dynamics 365 solutions aligned to business outcomes. The service supports discovery, design, configuration, integration, deployment and continuous optimisation, ensuring scalable, secure and effective use of Dynamics 365 and Power Platform capabilities.

Features

1. End-to-end implementation of Dynamics 365 solutions
2. Configuration and deployment across Sales, Customer Service, Field Service and related workloads
3. Integration with Microsoft Power Platform and external systems
4. AI-enabled capability adoption where appropriate
5. Continuous optimisation of existing Dynamics 365 solutions
6. Change, training and knowledge transfer
7. Secure, cloud-based delivery aligned to Microsoft best practices

Benefits

1. Reduced delivery risk through structured implementation
2. Faster time to value
3. Improved data quality and process efficiency
4. Scalable and supported cloud-based solutions
5. Enhanced user experience
6. Ability to evolve and optimise solutions over time

Dynamics 365 implementation and Optimisation service

Dynamics 365 supports a wide range of business use cases, including case management, customer and stakeholder engagement, operational workflows and information management. This Service provides structured support to design, deliver and continuously improve Dynamics 365 solutions that meet business objectives and scale over time.

Kainos has extensive experience delivering cloud-based, end-to-end Dynamics 365 solutions across complex organisations. We guide customers through discovery, design, implementation and optimisation, ensuring solutions are secure, supported and aligned to Microsoft best practice. Our approach reduces delivery risk and accelerates time to value.

Backed by over 30 years of IT and consulting experience, and more than 20 years specialising in case and information management, we have a proven track record of delivering outcome-focused solutions on time and within budget. We mobilise experienced Dynamics 365 teams to work collaboratively with customers throughout delivery and beyond.

Service Characteristics

1. Dedicated delivery team

A dedicated Dynamics 365 team works closely with you to respond to evolving business priorities and requirements.

2. Rapid mobilisation

Skilled consultants are quickly mobilised to support delivery, change and optimisation activities.

3. Flexible team composition

Team structure adapts to solution complexity, with specialist skills added where required, including integration, data, UX and AI capabilities.

4. Outcome-driven solution design

Requirements are aligned to Dynamics 365 and Power Platform capabilities to deliver measurable business outcomes efficiently.

5. Future-ready platform expertise

Our Microsoft partnership ensures solutions take advantage of platform enhancements, including Copilot and AI-enabled capabilities, where appropriate.

65 million

citizens positively impacted
by services **built by Kainos**
for the UK Government

Every driver & every car on the road
Every piece of work to fix roads
Every court case & every prisoner
Every home helped with help-to-buy
Every passport & renewal application
Every COVID test sent out
Every COVID test result
Every user of the NHS App

Every voter registered
Every company opened & closed
Every UK civil servant trained
Every piece of produce grown in the UK
Every thing imported & exported to the EU
Every benefit fraud prevented
Every body's pension details

Our Social Values and commitment to HM Government strategy

Education & Capability Building

We empower people through technical and behavioral learning programs, academies, and outreach projects, fostering skills development and inspiring future technology leaders across communities and organisations.

Social Responsibility

Tackling workforce inequality and ensuring equal access to technical and vocational education, through our Academies, Camps and Earn as you Learn schemes.

Innovation & Future Readiness

Driving continuous improvement through technology

Health, Wellbeing & Accessibility

We support colleagues' physical, emotional, and career wellbeing through initiatives, guidance, and inclusive design, ensuring equal access, experiences, and compliance for all users with diverse needs.

Climate Action & Sustainability

With a comprehensive sustainability strategy underway, we will be a Carbon Net Zero company by 2030.

Equality, Diversity & Inclusion

Maximising service experience for citizens and civil servants by delivering projects with diverse teams, underpinned by our BAME, LGBTQIA+ and female communities.

The Code of Ethics

We are guided by our 6 ethical principles.

Wellbeing

We protect the wellbeing of our staff, customers and communities.

Equality

We improve access and inclusion and minimise bias.

Transparency

Our decisions are traceable and accountable.

Integrity

We hold ourselves and others to ethical standards.

Environment

We act responsibly towards the Earth and its resources.

Initiative

We take initiative to deliver social value and positive impacts.

BCDR and Exit Plan

Business Continuity and Disaster Recovery (BCDR)

A Business Continuity Plan can be provided if required. This shall set out the arrangements to be invoked in the event of an actual or perceived threat to business continuity, to ensure continued operation of the system and continuity of the services provided by Kainos pursuant to the Prime Agreement and shall include: the alternative processes, options and responsibilities that may be adopted in the event of a failure or disruption to the system and/or services provided by Kainos pursuant to the Prime Agreement; and the steps to be taken by Kainos upon resumption of the system and services provided by Kainos pursuant to the Prime Agreement in order to address any prevailing effect of the failure or disruption including a root cause analysis of the failure or disruption.

Exit Plan

An Exit Plan can be provided if required to detail the steps that would be carried out to ensure smooth transition of Kainos services to a new supplier. The steps outlined in the Exit Plan will help mitigate against any disruption to the service during the transition period. It is assumed that any new supplier will themselves have a procedure they wish to follow during the transition period, and as such the steps in this Exit Plan will serve as a checklist for the new supplier to ensure all key areas of the transition have been covered. The Exit Plan will therefore be subject to refinement should it be exercised.
