THINKING
BEYOND
LIMITATIONS

We're Kainos

Formed in 1986, we set about finding the best people to tackle the most difficult digital work. We fostered a culture where people truly care for each other and the world around them.

Our reputation for software engineering and problem-solving was quickly established, and our customers started to view us more as their colleagues

We're much bigger now, helping organisations across the globe to navigate change in more ways than ever. But some things never change, like our commitment to our people, delighting our customers, and our technical ability

Some say we're leading a quiet revolution in digital, but if you ask us, we're just doing our bit to make the world a little bit better.

Cloud Vision Workshop

An AI assisted one-day, structured workshop to establish a clear, shared cloud vision aligned to organisational goals.

The session brings business and technical stakeholders together to identify priorities, opportunities and constraints, and to outline practical next steps that inform future cloud initiatives, programmes or targeted workstreams.

Features

1. A focused one-day workshop bringing key stakeholders together.
2. A structured multi-disciplinary workshop to build a compelling Cloud Vision.
3. A structured output report identifying opportunities, blockers and timelines
4. Develop a vision for Migration, modernisation and innovation.
5. Caters for single, multi-cloud or hybrid Cloud
6. High-Level business case identifying risks, challenges and opportunities.
7. Foster innovation with the latest GenerativeAI/LLM/AI technologies.
8. High-level roadmap to deliver vision.
9. Explore cloud service models: multi-cloud, Hybrid, Edge and IoT.
10. Provider agnostic e.g. Azure, Amazon Web Services(AWS), Google

Benefits

1. Proven approach to build a consistent, compelling cloud vision.
2. Clear articulation of business, technology and sustainability outcomes
3. A high-level transformation timeline.
4. High-level mitigation plan for key risks in achieving Cloud Vision.
5. A high-level business case with objective, impartial advice.
6. The next 10 practical steps to work towards the vision.
7. Improved confidence in cloud investment and delivery decisions
8. Clarity on high-level organisational changes to align with Cloud Vision.
9. Identification of gaps and opportunities to influence future strategy.
10. Identification of capabilities required to deliver the cloud vision

Cloud Vision Workshop

A structured one-day workshop with clear deliverables to help you define or build on your existing cloud vision, create a positive high-level business case and a set of actions to create momentum for achieving the Cloud Vision.

Service Scope

Delivery of a tried and tested one- day structured workshop:

1. Participation of business and IT stakeholders in an engaging workshop.
2. Group playback and alignment of the high-level summary of the day
3. Delivery of the workshop report.
4. Group playback of the report summary.
5. Next Steps – agree the next steps with the sponsors, with focus on activities providing in-year benefits.

The report typically includes:

1. A cloud vision statement
2. The positive business and IT outcomes
3. High-level timelines for achieving the vision
4. Mitigations for key risks in achieving the cloud vision
5. A high-level business case underpinning the importance of cloud vision
6. How the latest innovative Cloud Tools and Services can help achieve your vision.
7. Practical next steps to move towards delivering the vision.

65 million

citizens positively impacted
by services **built by Kainos**
for the UK Government

Every driver & every car on the road
Every piece of work to fix roads
Every court case & every prisoner
Every home helped with help-to-buy
Every passport & renewal application
Every COVID test sent out
Every COVID test result
Every user of the NHS App

Every voter registered
Every company opened & closed
Every UK civil servant trained
Every piece of produce grown in the UK
Every thing imported & exported to the EU
Every benefit fraud prevented
Every body's pension details

Our Social Values and commitment to HM Government strategy

Education & Capability Building

We empower people through technical and behavioral learning programs, academies, and outreach projects, fostering skills development and inspiring future technology leaders across communities and organisations.

Social Responsibility

Tackling workforce inequality and ensuring equal access to technical and vocational education, through our Academies, Camps and Earn as you Learn schemes.

Innovation & Future Readiness

Driving continuous improvement through technology

Health, Wellbeing & Accessibility

We support colleagues' physical, emotional, and career wellbeing through initiatives, guidance, and inclusive design, ensuring equal access, experiences, and compliance for all users with diverse needs.

Climate Action & Sustainability

With a comprehensive sustainability strategy underway, we will be a Carbon Net Zero company by 2030.

Equality, Diversity & Inclusion

Maximising service experience for citizens and civil servants by delivering projects with diverse teams, underpinned by our BAME, LGBTQIA+ and female communities.

The Code of Ethics

We are guided by our 6 ethical principles.

Wellbeing

We protect the wellbeing of our staff, customers and communities.

Equality

We improve access and inclusion and minimise bias.

Transparency

Our decisions are traceable and accountable.

Integrity

We hold ourselves and others to ethical standards.

Environment

We act responsibly towards the Earth and its resources.

Initiative

We take initiative to deliver social value and positive impacts.

BCDR and Exit Plan

Business Continuity and Disaster Recovery (BCDR)

A Business Continuity Plan can be provided if required. This shall set out the arrangements to be invoked in the event of an actual or perceived threat to business continuity, to ensure continued operation of the system and continuity of the services provided by Kainos pursuant to the Prime Agreement and shall include: the alternative processes, options and responsibilities that may be adopted in the event of a failure or disruption to the system and/or services provided by Kainos pursuant to the Prime Agreement; and the steps to be taken by Kainos upon resumption of the system and services provided by Kainos pursuant to the Prime Agreement in order to address any prevailing effect of the failure or disruption including a root cause analysis of the failure or disruption.

Exit Plan

An Exit Plan can be provided if required to detail the steps that would be carried out to ensure smooth transition of Kainos services to a new supplier. The steps outlined in the Exit Plan will help mitigate against any disruption to the service during the transition period. It is assumed that any new supplier will themselves have a procedure they wish to follow during the transition period, and as such the steps in this Exit Plan will serve as a checklist for the new supplier to ensure all key areas of the transition have been covered. The Exit Plan will therefore be subject to refinement should it be exercised.
