1Streetworks Pricing

1Streetworks is cloud hosted, single source traffic management and diversion plan automation solution, to increase productivity, efficiency, cross-stakeholder collaboration and reduce costs of Highways operations for Utilities, Contractors, Highway Authorities and Traffic Management organisations.

1Streetworks uniquely innovates traffic management planning and operational process. The value that users derive from 1Streetworks is in the single source road space data & permit content, design speed and automated compliance of producing digital traffic management and diversion plans, plus the collaborative nature of a cloud hosted solution.

1Streetworks pricing follows a “mobile phone contract” analogy; with Pay As You Go , volume based packages, through to “all you can eat” options available to Customers.

1Streetworks is priced as follows:

1Streetworks Enterprise, agreed data volume/ all you can eat

- A fixed price per annum dependant on an agreed data volume and contract duration* excluding VAT. Due to the variable nature of the data volumes required per customer, this option is Price On Application.**

1Streetworks Pay As You Go (PAYG) annual licence:

- A (minimum 100 per annum plans or £12,500 annual licence fee) Traffic Management plans only service PAYG at £125 per Accepted Plan, excluding VAT.**

and / or

- A (minimum 280 per annum or £12,500 annual licence fee) Diversions only PAYG at service £45 per Diversion, excluding VAT.**

Customer Success / Delivery:

Customer Success delivery packages include but are not exclusive to project management, consulting, training, support, handholding, system implementation, configuration and business analysis will be scoped according to the project size and required and therefore included with the Software fees.

Additional Customer Success resource can be requested and is priced depending on the agreed scope of the requirement, according to the following per day rate card:

Resource	Per Day £
Managing Consultant	£1844
Senior Technical Specialist	£1531
Project Manager / Geospatial Consultant	£1125
Technical Consultant	£1043
Trainer	£920

* Automatic long-term commercials are reflected for Year 2 at 95%, and Year 3 and 4 extensions if applicable are 93%.

** All options are invoiced annually in advance

Users may not copy, cut, crop, paste or transfer any data, plans, lists, documents (including PDFs), or other materials or information obtained through the Services (including Plans and Content, or parts thereof) into the Customer's own or any third-party's software program(s) or storage media, or modify any of the same in any way, or otherwise print or use such materials or information.
