XDR Pathfinder

Stay Ahead Of Cyber Threats With Real-World Insights

As the complex cyber threat landscape increases, building cyber resilience into the fabric of your organisation to safeguard operations is just as crucial as financial resilience.

Our XDR pathfinder can help you fully understand your environment by utilising the full Microsoft Security Stack, to develop a strategic plan based on the recommendations of Microsoft accredited SCC experts.

Why use our XDR Pathfinder?

Your organisation will gain real-time cyber threat detection and response capabilities, address immediate security concerns and enhance your overall security posture. We will give you knowledge, insights and deploy:

- Threat Protection Overview
- Modernise your SOC with Microsoft Sentinel
- Microsoft Defender XDR
- Microsoft Defender for Office 365
- Microsoft Defender for Cloud Apps
- Microsoft Defender for Endpoint
- Microsoft Defender for Cloud, Security Posture Management and Defender for Servers
- Microsoft Defender for Identity

Modules

Included

- Microsoft Defender Portal
- Cloud Identity Protection

Plus 3 Customisable Modules

- Unified SecOps Platform
- Email Protection
- Endpoint & Cloud Apps Protection
- Identity Protection
- Server Protection
- Microsoft Security Copilot Demo

What's in it for me?

Identify current, ongoing security threats and discover vulnerabilities in your environment.

Better understand how to accelerate your security journey using the latest Microsoft Security tools.

Document your security strategy for the benefit of key stakeholders.

Map identified threats to actionable recommendations tailored to your security goals.

XDR Pathfinder

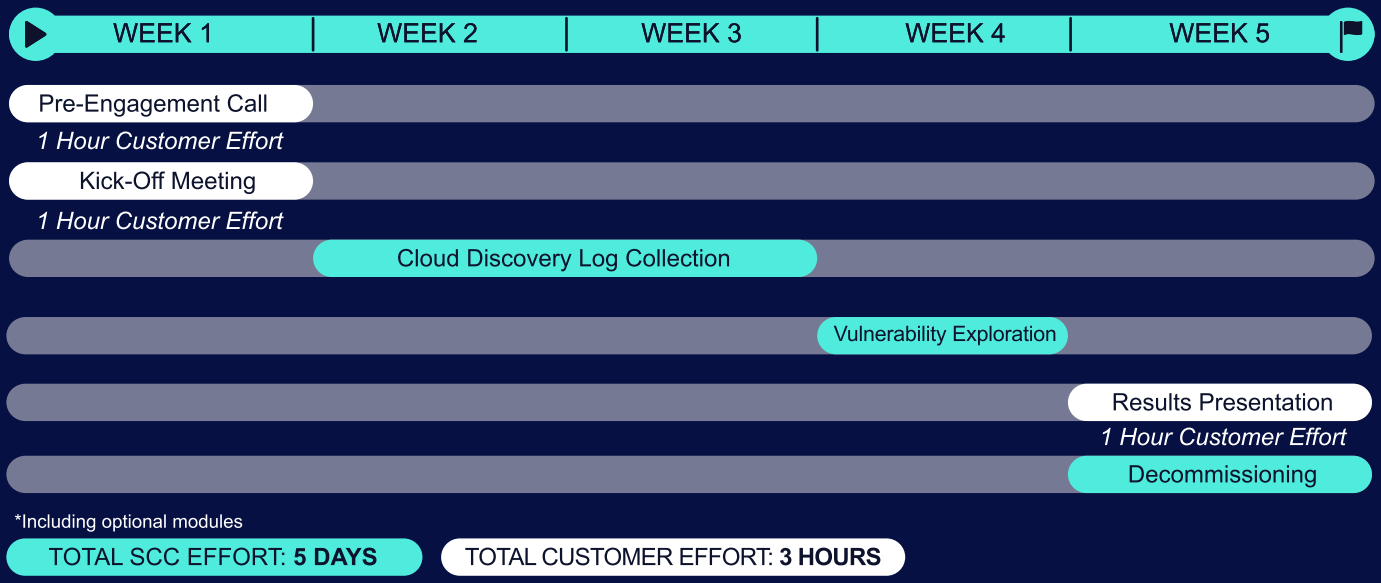
Who Is This Suitable For?

The XDR Pathfinder is suitable for security decision makers looking to enhance their security operations through advanced tools and methodologies, these include:

- Security Operations Centre (SOC) Teams
- Network Security Engineers
- IT Managers and Directors, Chief Information Security Officers (CISO)
- DevSecOps Teams and Compliance Officers

What To Expect?

Over the 30 day XDR pathfinder, SCC require just 4 hours of your time to get set up and report back the results of the data collected. You will then take away an actionable tailored plan to improve your security strategy.



*Including optional modules

TOTAL SCC EFFORT: **5 DAYS**

TOTAL CUSTOMER EFFORT: **3 HOURS**

Why SCC?

SCC are a member of Microsoft Intelligent Security Association and a Microsoft Security Solutions Partner.

We hold all four advanced specialisations strengthening confidence in our expertise and solidifying our position as a leading provider of managed security services.

SCC Cyber leverage the power of Microsoft Sentinel, Defender for Endpoint, and the Microsoft 365 Defender stack combined with our Security Operations Centre and specialists, to strengthen your security posture and deliver rapid detection & response across your organisation.
