IBM watsonx.governance

Product Overview		
Plan	Features and capabilities	Pricing
Lite	Maximum 100 Resource Units 1 Resource Unit per Predictive Model Evaluation 1 Resource Unit per Foundational Model Evaluation 1 Resource Unit per Global Explanation (with maximum 500 local explanations) 1 Resource Unit per 500 Local Explanations 1 Resource Unit per 200 messages (maximum 20 metrics per message) for Agentic AI. 1 Additional Resource Unit per 20 metrics beyond the limit Maximum 1k records per evaluation A maximum of 2 protected features per predictive model for fairness monitoring Limited to 3 rows per use case Limited to 3 use cases Limited to 1 inventory The watsonx.governance Lite Plan offers everything you need to begin your journey to governing AI models across your business, including access to explanations, bias detection and mitigation, and automated AI capabilities. – The Lite plan includes a free internal PostgreSQL database instance with a maximum size of 100 MB. – The instance is hosted and not directly accessible. – Data in this database cannot be migrated and is lost if the instance is reconfigured. – The internal database is not GDPR compliant. – For workloads that process personally identifiable information (PII), or when upgrading from the Lite plan to the Essentials plan with continuity requirements, a paid instance of a supported database from the IBM Cloud catalog must be used. Lite plan services are deleted after 30 days of inactivity.	Free
Essentials	Maximum 500 inventories 1 Resource Unit per Predictive Model Evaluation 1 Resource Unit per Foundational Model Evaluation 1 Resource Unit per Global Explanation (with maximum 500 local explanations) 1 Resource Unit per 500 Local Explanations 1 Resource Unit per 200 messages (maximum 20 metrics per message) for Agentic AI. 1 Additional Resource Unit per 20 metrics beyond the limit Maximum 50k records per Predictive Model Evaluation Maximum 3k records per Foundational Model Evaluation	\$0.60 USD/Resource Unit

IBM has a strategic MoU with Crown Commercial Services (CCS) which is applicable to all Public Sector Customers buying via G-Cloud. This provides agreed baseline levels of discounts and details higher levels of discounts for larger volumes or greater durations of contract. The IBM pages describing this are at https://ibm.biz/ccs_mou. Public Sector clients can request a full copy of the IBM MOU from CCS by sending an email to info@crowncommercial.gov.uk

The pricing in this G-Cloud Offering takes account of the MOU baseline discounts. As IBM’s portfolio is somewhat complex and there are several factors that affect the pricing; if your requirements are for more than just one license for a month, we would suggest that you contact us directly to ask us to provide you with pricing with the correct levels of discount for the term and volumes that you require. The email address for G-Cloud related enquiries is ukcat@uk.ibm.com. Please ensure that you indicate which G-Cloud Offering(s) you are requesting details for.
