

Cloud Consumption

Put your cloud billing on autopilot

Managing cloud consumption billing can be a headache. Multiple providers, complex invoices, unpredictable costs all have a part to play. With SCC's Cloud Consumption service, you can consolidate all your cloud consumption billing into one easy-to-manage platform, SCC Vision™. We streamline your billing process, giving you complete visibility, accurate cost forecasting, and the time to focus on driving innovation, not administration. Plus, we've simplified onboarding so you can get started straightaway.

Choose SCC as your CSP partner and unlock access to SCC Vision™, the all-in-one solution allows you to manage your cloud with ease.

Key Benefits of Cloud Consumption

Simplified Billing

Consolidate billing, providing a single invoice for all your cloud services to reduce admin overhead.

Enhanced Support

We'll provide a single point of contact for all your needs, improving response times and service quality.

Personalised Service

From simplified onboarding to transparent insights, you'll have everything you need to manage your costs with ease.

Flexible Cost Management

We will better understand your business needs and tailor our services accordingly.

SCC Vision™

Clarity | Confidence | Control

Get Cloud Clear

Drive efficiencies and effortlessly modernise with status overviews and recommendations.

Feel Cloud Confident

Give users confidence in the integrity and security of your cloud with robust data protection.

Achieve Total Cloud Control

Take control with complete visibility of your cloud environments and optimised Azure resource management.
