1 Deloitte Overview

As a leader in professional services, Deloitte LLP is committed to making an impact to our clients, our people and for society. We have over 27,000 staff based across the UK providing audit, risk advisory, tax, consulting, financial advisory and legal services to public and private clients across multiple industries. We work together to build trust, support inclusive growth, and build capability, enabled by our **breadth and depth of expertise across advisory, delivery, engineering and managed services.**

Our **public sector practice** serves Central Government, Government Agencies, Local & Regional Government, Defence, Security and Justice, Health and Social Care, Transport, Education and Housing. We also provide services to the Northern Ireland Office, Scottish Government, Welsh Government and Crown Dependencies.

Our Cloud Capability

At Deloitte, we help our clients **Imagine, Deliver and Run** the businesses of the future through the power of **Cloud**. We have deep Cloud architecture, engineering, operational, commercial, and business transformation expertise delivered by a team of more than 26,000 Cloud Practitioners globally. We have delivered over 2,000 cloud implementations over the past 5 years and have 60+ cloud centres of excellence supporting the delivery of cloud services to our clients.

In the UK, we have a team of over 100 Cloud managed service specialists plus the following certifications across AWS, Microsoft Azure, Google Cloud and Oracle Cloud Infrastructure (OCI):

We help our clients with all aspects of their journey-to-cloud and optimisation of their cloud and cloud-services investments. Our Cloud practice can support you to optimise your client investments, and to navigate your organisations cloud journey, providing specialist cloud architecture, engineering, and operational skills at all stages, with a large proportion of our team holding the clearances required to meet your specific security requirements.

Our AI Capability

Deloitte stands at the forefront of AI transformation and was recognised as a Leader in the 2025 IDC MarketScape for Artificial Intelligence (AI) services for the fourth consecutive time. Supported by a £3 billion investment in AI, Data, Automation, Cloud, and Cyber, we seamlessly integrate our deep AI expertise with our extensive cloud capabilities. Our UK team is part of 339K AI-fluent practitioners globally, and includes over 1,300 AI specialists and engineers, many of whom hold the necessary security clearances for public sector delivery.

Through the Deloitte AI Institute, our hub for cutting-edge research and innovation, and strategic alliances with leading hyperscalers, we empower public sector clients to optimise costs, streamline processes, and navigate their AI journey. We achieve this by leveraging our ReadyAI™ models, which provide end-to-end support for AI solution implementation, and our Trustworthy AI™ framework, ensuring responsible and ethical deployment.

Our alliances & ecosystems

To bring full value to our clients, Deloitte is a premier consulting partner with all the leading hyper-scale cloud vendors in the market including AWS, Google, Microsoft¹, and SAP. A selection of our partners and alliances are presented below:

What the analysts say

Don't just take our word for it. Deloitte is recognised by the analyst community as being **leaders in cloud transformation services**. This reflects the wealth of experience we have in delivering cloud services across the public sector and wider private sector combined with our out-of-the-box templates, tools and assets.

Gartner

Originating in 2021, Deloitte has been recognised as a Leader in this category for four years in a row. Deloitte was also positioned as a Leader in the **Gartner Magic Quadrant for Public Cloud Infrastructure Professional and Managed Services, Worldwide** in 2021, 2020 and 2019, the previous form of this category.

¹ As Microsoft's Independent Auditor, Deloitte cannot have a direct or material indirect business relationship with Microsoft, such as having an alliance or being a registered partner. Nonetheless, Deloitte can provide Microsoft-related technology services and invests heavily across its global business building technical skills and capabilities to develop world-class consulting and solution delivery capabilities.

2 Service Overview

Deloitte GCP Overview – [Deloitte – GCP Partner](#)

Deloitte is a **Google Cloud Managed Services Partner**, that specialises in all the products and services offered by Google Cloud and Google Cloud Platform (GCP). We have been consistently serving our clients with people, process and technology that helps them excel with solutions on the GCP.

We are recognised as the premium partners in Technology Solutions, Consulting and implementations in Google Cloud for government initiatives. Thus, we help the governments and public sector agencies improve citizen services by increasing operational effectiveness and deliver quality services.

Technically Certified and Global Awards

Deloitte has more than 2000+ Google Cloud certifications, and 400+ completed Google Cloud project implementations. Google has recognised our energies by awarding us the Partner of the Year award for four consecutive years. Also, our efforts in the public sector projects have won us the Public Sector Partner of the Year. These awards recognize Deloitte's innovative perspectives, outstanding customer service and best-in-class use of Google Cloud products and services.

Our partnership with Google Cloud provides us access to solutions including technical resources, investment and GCP credits that can help our clients in their cloud journey. In addition to this, we have large number of 3rd party relationships with complementary service providers that enable us to deliver end to end solutions to our clients.

GCP in Government & Public Sector

Deloitte's Government & Public sector practice helps reshape public services, making them more efficient to deliver, and accessible for the people that need them. Deloitte has scale, market leadership, and breadth and depth of services that enable to provide true end-to-end, cloud-enabled transformation, leveraging the best of its global network to help its clients imagine, deliver, and run the future on GCP.

With ample number of tools, accelerators, enablers, Deloitte makes it easier for its clients to transition and sustain its operations on GCP. Our range of cloud services include:

- Infrastructure Modernisation with extensive experience in designing the cloud strategy / business case, GCP migrations including Datacentre Exit.
- Application Modernisation that focuses on design and implementation of applications that are built to run on the cloud leveraging the cloud-first approach.
- Smart Analytics & AI solutions that can help take informed decisions leveraging data and technologies in the cloud.
- Cybersecurity and Operational services including Cloud Risk Operating Model Design, Regulatory Compliance Design for Cloud, approach for Cloud Governance etc.

3 Detailed Service Description

Deloitte's industry-leading Google Cloud Platform(GCP) practice enables end-to-end journey from on-premises legacy systems to GCP, from design through deployment, and leading to the ultimate destination i.e., a transformed organisation primed for growth. The practice provides a host of services including architecture, engineering and managed service skills to help its clients adopt, configure, and deploy the GCP services across the full range of business challenges.

Google Cloud Platform (GCP) provides a wide range of services/applications for its clients and Deloitte enables these clients to embrace the platform and build capabilities that solve complex business issues and deliver elevated customer experiences. In addition to leveraging the elastic infrastructure on the GCP, Deloitte also helps its clients in taking advantage of open APIs and solutions that are present in the partner ecosystem.

Deloitte has a strong reputation for delivering smartly designed, fully integrated solutions that are known for making an impact for Government & Public Sector clients using GCP. These solutions tackle complex issues integrating new technologies that help reform the public sector and deliver net zero capabilities.

Examples:

- Enable cloud migrations by assessing applications and refactoring, rearchitecting and modernising the existing solutions.
- Define the right operating model that gets the best out of the people and technology.
- Automate and accelerate the cloud adoption at various levels using GCP provided data and application migrations tools.
- Provide users and customers with technology enabled cloud native solutions that can scale from zero to infinity.
- Help businesses transforms by leveraging the native Artificial Intelligence and Machine Learning expertise on GCP.
- DevOps transformations using automation, Continuous Integration and Continuous Delivery and best practices.
- Take informed decisions in real-time by using the IoT services on GCP that can connect and talk to multiple devices.

- Deploy automated, robust, agile IT operations and governance capabilities optimised for the both cloud and on-prem infrastructure.
- Deploy applications designed and engineered for both web and mobile platforms leveraging many pre-offered solutions.
- Use the right storage technology on GCP for securing and storing data.
- Design, build and operate end-to-end client solutions using Deloitte's Cloud Managed Services (CMS).

Benefits:

- Achieve organisational change and tangible business outcomes by leveraging the Google Cloud Platform, including its sovereign cloud capabilities.
- Ensure that the users and consumers are never impacted due to a down-time by modernising the applications and infrastructure.
- Make business agile by shortening the development cycles and reducing the time take to resolve issues.
- Reduce the overall cost since GCP charges only for what is being used.
- Empowered Enterprise Transformation led by Deloitte.

4 Contact Details
