

Free Rein

PHP Web Application Development

Pricing Document

1 Company Background

Free Rein is a Suffolk based technology agency, bringing a wealth of creativity and expertise to website developments, email marketing campaigns, app development, search and social media marketing and much more.

By combining in-house talents with strong customer care and project management, Free Rein delivers projects on time, on budget and matching customer requirements.

Having established itself as one of the East of England's leading technology agencies since its formation in 2004; Free Rein has worked with a wide range of local, national and international organisations, across multiple sectors, on a number of varied and challenging projects.

Free Rein prides itself on being able to offer solutions for private, public and not-for-profit organisations, understanding requirements and delivering results at every level.

We work with a variety of specialist partners ranging from design and marketing agencies, through HR and personal development to large multi-national organisations. This allows us to deliver projects from a well-informed team with skills and knowledge directly relevant to the client.
