Full List of Service Features

- Gartner Supply Chain Research — Foundational research, best practices, maturity models and toolkits help supply chain leaders run a demand-driven organisation. Includes vertical specific supply chain content across the industrial, high-tech, consumer, retail, healthcare, and life science industries. Research technology areas covered include ERP, BI, CRM and Supply Chain Management. In addition, leaders have access to the relevant Gartner IT Industry content published to the IAS Manufacturing and IAS Retail services
- Peer Community Contributed Content
- Tools and Templates — Pragmatic advice and decision-making tools that can be readily adapted and applied to clients' daily activities. Includes at least one customisable tool (in Microsoft Office format) that can be used by a client to perform a task or activity

- Selected Vendor Reports
- Monthly Picks & News Analysis — Provides access to additional research, without impact on Document and Reversal Allocation. Picks are selected by Gartner research advisors (10 per month); these documents are refreshed monthly and available only during the month they are selected. News Analysis is informed and immediate insight from Gartner on breaking news in IT
- Supply Chain Peer Networking — Access an exclusive, trusted community of IT and business professionals who share unbiased references and opinions on technology products and vendors to help avoid pitfalls and leverage one another's experiences with strategic IT initiatives
- Webinars — Periodic web conferences where Gartner analysts speak on timely topics in information technology and then solicit questions from listeners
- AskGartner — AskGartner is a generative AI-powered tool available on gartner.com. Sourced solely from proprietary Gartner data, it provides our unbiased perspective and expertise through AI-powered conversational interactions, replacing older keyword-based searching and providing a more holistic overview of Gartner insight on a given topic or question.

Additional Terms & Conditions

- The product is available for qualifying clients, by invitation only.
