- AskGartner — A generative AI-powered tool available on gartner.com. Sourced solely from proprietary Gartner data, it provides our unbiased perspective and expertise through AI-powered conversational interactions, replacing older keyword-based searching and providing a more holistic overview of Gartner insight on a given topic or question.
- Peer Networking: Gartner Peer Community — Access an exclusive, trusted community of IT and business professionals who share unbiased references and opinions on technology products and vendors to help avoid pitfalls and leverage one another's experiences with strategic IT initiatives
- IT Podcast Series — A subscription-based podcast series featuring Gartner Research experts' perspectives on business priorities and challenges on topics in information technology
- Individual Analyst Inquiry — Includes 30-minute sessions with Gartner analysts to ask questions based on published research or request reviews of business-related documents
- IT Summit Conference Ticket — The Gartner IT Summit Conference Ticket is a numbered identifier (e.g., 424562) that entitles the Licensed User to register for one (1) Gartner IT Summit Conference as specified in the Ticket Letter emailed to Client. Tickets are valid for 12 (twelve) months from the date of issue, per the expiration date on the Ticket Letter. Tickets provided as part of a Gartner Research offering are valid only for Gartner conferences during the contract term of that Research offering. Tickets are transferable within the Client company but may not be transferred to another company. A single Ticket may not be used by more than one (1) client employee and may not be used for admission to any Gartner conference other than IT Summit
- My Gartner — A personalised, intelligent homepage that recommends the most relevant research and resources based on the user's key initiatives, activity, role, and profile information
